AMSTERDAM, Oct. 8. — The evacuation by the Germans of the Belgian coast region is continuing, the frontier correspondent of the Telegraaf reports. The telephone lines between the frontier and the coast were being taken down yesterday and today.

The stores of material at Knokke, near the coast, five miles from the Dutch border, have been set on fire, the report states, and many factories have been undermined in preparation for their quick destruction.

WITH THE BRITISH ARMIES IN FRANCE, Oct. 8.—The German high command is definitely preparing to retire its armies at most points as a result of shattering of the Hindenburg line and continued allied pressure from the North Sea to Verdun.

The enemy is expected to take up new positions, roughly 20 to 40 miles farther back. The latest information shows the Valenciennes-Givet line is not ready and that the retirement must be delayed as long as possible. But the allied assaults are seriously interrupting the German plans and may force the backward movement before the enemy is willing.

PARIS, Oct. 8.—French troops advanced about a mile in the region north of Rheims yesterday, reaching the village of Conde, at the junction of the Suippe and Aisne rivers, the war office announced today.

Bazancourt (eight miles northeast of Rheims) was captured and Isles-Sur-Suippe (a mile east of Bazancourt) was penetrated.

"In the region of St. Quentin there was artillery activity last night," the communique said. "On the Suippe front we reached the borders of Conde. We also penetrated Isles-Sur-Suippe and took Bazancourt, despite violent but unsuccessful German counter-attacks."

French military experts today expressed the opinion that the Germans will regret that they did not retreat on a larger scale when the strategical situation was opportune.

The allies were cutting into the flanks of the German army and are menacing vital lines of communication.

Swift advances of the allies are imperiling various groups of the German army. There was an example of this on the Champagne front within the past few days when General Von Mudra's army was nearly surrounded before it could retire to safety.

WITH THE FRENCH ARMY IN FRANCE, Oct. 8 (By Reuters' Agency).—German forces on the north bank of the Suippe river have been counter-attacking with desperate energy all day. To prevent the French crossing the river they have attacked on the line between Pont Givart and Berry-Au-Bac, throwing large units into action on the center of this front. In spite of the enemy's resistance, however, the Aisne has been crossed at Berry-Au-Bac, the whole village on the north bank of the river being in the hands of the French, who have also made some progress beyond it. The Germans have also been fighting fiercely along the Arnes.

German Ace Slain After 44 Victories

AMSTERDAM, Oct. 8. — Flight Lieutenant Fritz Rumey of the German army, who claimed forty-four air victories, has been killed, the Lokal Anzeiger of Berlin reports.

MORSE AGAIN CHANGES HIS MIND, HIS VOTE, HIS ATTITUDE

Decides He May Cast Ballot for Edwards; Council's "Balance Wheel" Has Two Days in Which to Shift

Commissioner Fred Morse, heretofore regarded as the balance wheel of the city council, today became its most uncertain member when he announced that he would probably again switch his vote to the original ordinance which provided for the placing of Commissioner Edwards in Jackson's department. This places him in the Davie camp.

Inasmuch as two days will elapse before the ordinance again comes up in council, it is expected by those who are following city hall politics that Commissioner Morse will change his mind twice more before casting his vote.

There are now two ordinances before the council, and either may be taken up and passed, with the consequent abandonment of the other. The original ordinance, introduced several weeks ago, and backed consistently by Mayor Davie and Edwards, would place Edwards in Jackson's department. The second ordinance, introduced last week by Commissioner Fred Soderberg, would place Morse in Jackson's department.

This second ordinance was given the backing of Morse last week and was paassed to print by four votes of the council, Commissioner Edwards being the only dissenting voice. Morse stated at that time that he feared that Edwards, who would go into the police and fire and health departments with the opposition of the heads of these departments to face, would have difficulty in bringing the "harmony" which is constantly being held out as the thing most desired by all the members of the city council.

He said that he was sacrificing much to go into Jackson's department, but was willing to do so because he had been given to understand that his presence there would serve to promote harmony and efficiency.

Commissioner Soderberg had no hesitancy about stating that yesterday's council hearing and its results had not influenced him in any way and that he did not consider the two matters to have any connection.

"I offered the ordinance to place Commissioner Morse in Jackson's department before I knew anything about the charges against Edwards," said Soderberg. "Those charges had no influence upon my judgment when I voted the first time, and I have never placed sufficient credence in them to make the matter one that would affect my vote. The fact that they were found to have been without foundation will have no effect upon my future actions. I introduced the second ordinance because I thought it for the best interests of the city, and I have not changed my mind on that matter."

2 Steamers Sunk; 27 of Crews Lost

WASHINGTON, Oct. 8. — The American steamer Westgate, of the Naval Overseas Transportation Service, has been sunk at sea with the loss of six members of her crew, in collision with the steamer American.

The American picked up the survivors and is proceeding to port.

A despatch to the navy department today said the sinking occurred about 500 miles off the Atlantic coast, but did not give the time. The Westgate was a cargo carrier of 5800 gross tons.

WASHINGTON, Oct. 8. — The Italian steamship Alberto Treves was torpedoed October 3 about 300 miles from the American coast, the navy department announced today. Thirteen survivors have been picked up by the steamship Orizaba.

Two other boats with twenty-one men are missing. The Treves was a vessel of 3838 gross tons and was owned in Genoa.

Bolsheviki Permit Citizens to Depart

WASHINGTON, Oct. 8.—British and French citizens who recently took refuge in the American consulate general at Moscow, have left without interference by the Bolsheviki, according to information to the State Department today. The report came from the Norwegian legation at Petrograd under date of October 2.

AUSTRIANS IN VIENNA FEAR CRASH OF EMPIRE

Serbian Troops Before Nish, While the Austro-German Armies in Albania Face Big Rout by Combined Allies

ITALIANS HARRASSING THE RETREATING FOE

Opportunity Is Presented for Striking Enemy West of Debra, Menacing Flaut, and Throwing Huns in Disorder

BULLETIN.

LONDON, Oct. 8.—The Turkish cabinet has resigned, according to a despatch from Berne, Switzerland, to the Evening Star. The message says great excitement prevails at Constantinople.

LONDON, Oct. 8.—The imminence of a coup d'etat is being openly discussed in Vienna, and it is declared that it will lead to sensational developments in both Austria and Germany, said a Central News despatch received here today.

BY UNITED PRESS.
LEASED WIRE TO TRIBUNE.

LONDON, Oct. 8.—The Austrian army in Albania faces a major disaster as a result of the allied successes in Serbia.

At the same time the Austro-German armies in Serbia appear to be in a serious position. This is indicated by their successive defeats in Central Serbia, reported evacuation of Belgrade and announcement that Mackensen has hurried to that front to save them.

The Serbians, in the vanguard of the allied forces, have pushed as far north as the southern limits of Austria-Hungary, although some distance to the east. After taking Vranje, 175 miles directly east of Ragusa, in Austria-Hungary, they are pursuing the Austro-Germans toward Nish and Liskovatz. They have also captured Debra, on the Serbo-Albanian border, 55 miles east and north of Durazzo. French troops have taken Kacanik, 20 miles northwest of Uskub and only 35 miles from the northern boundary of Albania.

Along the Skumbi river the Italians are harassing the retreat of the Austrians northward. Both the Austrians and the allies have about 100 miles to go to reach the mountainous regions of Montenegro. But, meanwhile, the Italians have an opportunity to strike westward from Debra, taking the Austrians on the flank and throwing them into confusion.

Occupation of Beirut, principal seaport of Syria, by a French naval unit, has aided the allied march on Aleppo. Beirut is less than 50 miles northwest of Damascus and is about 175 miles southwest of Aleppo. It is connected with Aleppo by a railway which joins the Damascus-Aleppo line at Homs, about 100 miles north of Damascus.

HUNS PREPARING FOR GENERAL RETREAT.

The character of fighting along the west front indicates the Germans are preparing for what may be a general retreat from the North Sea to the Rheims region, but that they make the Champagne-Argonne battle one of the decisive engagements of the war. This is particularly true of operations between the Argonne and the Meuse, where the enemy has contested every foot of ground with unusual bitterness.

The French and Americans made slight gains along the Suippe, the former capturing Berry-Au-Bac, near the junction of the Suippe and the Aisne and reaching the outskirts of St. Etienne-Sur-Suippe. Further east the village of St. Etienne-A-Arnes was recaptured after it had been lost to the Germans.

The day communique of the German war office mentioned violent attacks by the Americans between the Argonne and the Meuse, a front of about 15 miles. Unofficial reports state this fighting resulted in the capture of Chatel-Chehery and important heights west of the Aire.

In the St. Quentin region the French have slightly improved their positions.

TEXT OF PRESIDENT WILSON'S REPLY

The text of President Wilson's reply to Chancellor Maximillian's peeace proposals was made public at 4 o'clock this afternoon. It follows:

"Sir:

"I have the honor to acknowledge, on behalf of the President, your note of October 6th, enclosing the communication from the German government to the President; and I am instructed by the President to request you to make the following communication to the imperial German chancellor:

"In making reply to the request of the imperial German government, and in order that that reply shall be candid and straightforward as the momentous interests involved require, the President of the United States deems it necessary to assure himself of the exact meaning of the note of the imperial chancellor.

"Does the imperial chancellor mean that the imperial German government accepts the terms laid down by the President in his address to the Congress of the United States on the 8th day of January last and in subsequent addresses, and that its object in entering into discussions would be only to agree upon the practical details of their application?

"The President feels bound to say with regard to the suggestion of an armistice that he would not feel at liberty to propose a cessation of arms to the governments with which the government of the United States is associated against the central powers, so long as the armies of those powers are upon their soil.

"The good faith of any discussion would manifestly depend upon the consent of the central powers immediately to withdraw their forces everywhere from invaded territory.

"The President also feels that he is justified in asking whether the imperial chancellor is speaking merely for the constituted authorities of the empire who have so far conducted the war. He deems the answer to these questions vital from every point of view.

"Accept, Sir, the renewed assurances of my high consideration.

(Signed) "ROBERT LANSING."

U. S. TROOPS TAKE HEIGHTS IN CHAMPAGNE

WASHINGTON, Oct. 8.—General Pershing's communique for Monday reports that after driving the enemy from Chatel Chehery, American forces have seized the commanding heights west of the Aire.

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 8.—The American troops continued their advance east of the Argonne. After the capture of Chateau Chehery they gained further ground. The advance was aided somewhat by the use of smoke bombs and a heavy fog. A platoon of minenwerfers was captured.

WITH THE AMERICAN ARMY ON THE CHAMPAGNE FRONT, Oct. 8.—Heavy German counter-attacks were delivered by the Germans against the Americans southeast of St. Etienne, but all were quickly repulsed. The counter strikes against the Americans fighting with General Gourard's army developed during the morning and were aimed at high ground which the Americans had captured between St. Etienne and the Somme-Py-Attigny highway.

The Germans are squeezed tighter in the Argonne pocket as the result of the capture of Chatel-Chehery and the heights west of the Aire in yesterday's furious all-day battle.

DOMINATING HEIGHTS TAKEN BY AMERICANS

Hills 180 and 244 were stormed, robbing the boche of dominating positions overlooking the Aire, and simultaneously closing in tighter the east flank of the enemy. The enemy artillery on the heights of the Aire was captured in less than five and a half hours after the American attack started. One division in the last couple of days captured eight 77's and seventy-five machine guns, in addition to a Belgian field piece which was being used by the boche.

A considerable movement northward, of German artillery and supplies, has been observed back of Cunel and Somme Rance. (Cunel is three miles west of Brieulles. Somme Rance is six miles west of Cunel. Both are strong points in the Kriemhilde line).

By NEWTON C. PARKE
International News Service Staff Correspondent.

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 8.—An American battalion that had been cut off and surrounded in the Argonne forest last Friday was relieved last night when their comrades broke through the stiffest German resistance and rescued them.

In the advance last Friday the Americans had to go forward through dense undergrowth. The men of the battalion noticed Germans slipping to the rear, but believed that they would be "mopped up" by the second American line.

The enemy groups succeeded in holding up the assault of the second American line, with the result that the battalion was cut off.

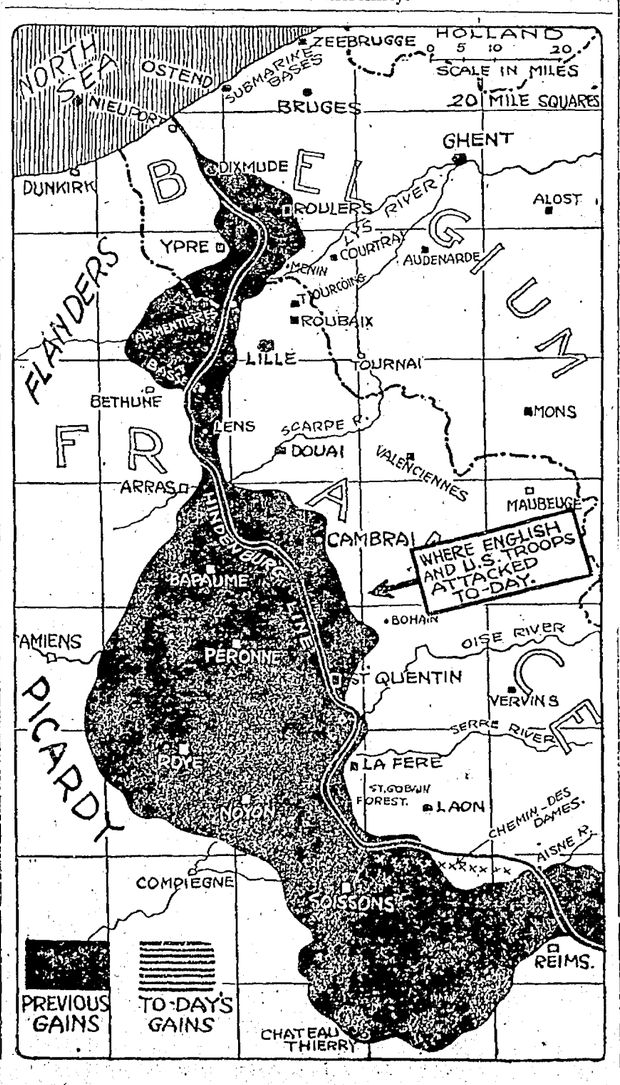
When the advanced elements were sent back to maintain contact with the main body they encountered the enemy in their rear.

Cambrai and St. Quentin Struck by Haig's Army

LONDON, Oct. 8, 3:55 p. m.—American and British troops that began a new drive between Cambrai and St. Quentin this morning advanced from three to four miles. Many villages and prisoners were captured. The advance was still continuing, said last reports from the front.

WITH THE ANGLO-AMERICAN FORCES NEAR ST. QUENTIN, Oct. 8.—(By the Associated Press)—American troops, going into battle in conjunction with the fourth British army on the St. Quentin-Cambrai front, today attacked near the point where the last line of the Hindenburg system already had been smashed. The early reports indicated that progress was being made despite stiff machine gun opposition.

Simultaneously the third British army attacked on the front from Cambrai south along the continuation of the Masnieres-Beaurevoir line. There was a frontal attack on this line and at the same time an effort to turn it at its northern extremity.



RETIRING HUNS REPEAT INITIAL BELGIAN CRIMES

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

HAVRE, Oct. 8.—The Belgian government has issued a statement that from the coast to beyond the city of Bruges the male population between the ages of 15 to 45 have been brutally torn from their homes and forced to labor on German military work. The text of the statement reads:

The Belgian government has been conferring with the allied governments on the subject of measures which are necessitated by methods of systematic destruction and pillage which the enemy is employing in territory he is obliged to evacuate.

Belgium has been from the beginning of the war exposed to outrages of the German armies. At the very moment the new imperial chancellor is proclaiming his anxiety for the happiness of peoples and his will to work for the deliverance of humanity, the Belgian government receives news of fresh excesses on the part of the German armies in occupied Belgium.

From the coast to beyond Bruges the male population from 15 to 45 years is being torn from their homes and subjected to the most brutal treatment. These men are compelled to work at forced labor for the military needs of the enemy.

A vengeful clamor would arise from the whole world if at the moment of leaving Belgian soil the German army renewed with redoubled cruelty the excesses which marked the invasion of Belgium and if they undertook to consummate the ruin of the country by pillage, arson and the wholesale deportation of the people.

Score of New Cases of Influenza Here

Twenty-one new cases of Spanish influenza were reported in Oakland today. Eleven nurses at Fabiola hospital are afflicted with the malady. James G. Green, 926 Thirty-fifth street, and two members of his family are also reported stricken by the contagion. The other cases reported are:

Tony Cunia, 2050 Thirty-sixth street, and three members of his family.

Mrs. M. B. Gilbert and her two children, 435 Thirty-fourth street.

Anti-Trust Suits Delayed One Term

WASHINGTON, Oct. 8.—Upon the government's motion, the supreme court today postponed until next term consideration of all government anti-trust suits now pending with the exception of that of the United States Steel Corporation, which it is understood probably will contest the motion.

'WAR LORDS OR PEOPLE WHO PLEAD,' MAX ASKED

Executive Frames Questionnaire, Intimating Disbelief in Sincerity of Potsdam's Plea for End of Conflict

DECLINES ARMISTICE ON PRESENT STATUS

"Does Germany Accept Terms of America as Stated in January?" Is Test Question Submitted to the Chancellor

WASHINGTON, Oct. 8.—President Wilson this afternoon called on Germany to throw aside all subterfuge and tell the world whether its latest appeal for an armistice and a peace conference to end the war is candid and straightforward.

To the declaration of the German imperial chancellor, Prince Maximilian of Baden, asking the President to "take steps for the restoration of peace," the President addresses several vital queries upon which depends whether he will take any further action in the matter.

First, and foremost, the President makes it plain that the terms laid down by him in his address to Congress on January 8 last meant what they said, and he asks whether Germany in reality accepts them or simply desires to use them as a basis for negotiations.

Then the President makes it very plain that Germany cannot expect him to arrange for an armistice while her forces remain on invaded soil. The good faith of any peace discussions, the President explains, would manifestly depend upon the consent of the Central powers immediately to withdraw their forces everywhere from invaded territory. And officials this afternoon emphasized that this meant everywhere in the east as well as in the west.

DEMANDS AUTHORITY BEHIND CHANCELLOR

Concluding his brief note to the German government, the President also asked whether the new imperial chancellor represents the German people themselves or the constituted authorities of the empire who have so far conducted the war."

By this means he will able to place the chancellor on record as to whether he is speaking for the kaiser and the high command or whether he represents in his appeal for peace all of the elements of the German people.

Officials declared this afternoon that the President, in adopting the course that he did, has shifted the burden of proof of good intentions directly to Germany. If the German note was designed to aid in re-establishing German morale at home by throwing the responsibility for the continuation of the war on the United States and its allies, it has failed of its purpose, officials said.

GERMANY MUST QUIT INVADED TERRITORY

And while there is no mention of unconditional surrender in the President's note, he makes it emphatically plain that Germany must be willing to retire from invaded territory before she could expect that an armistice would be granted or even asked for.

On the reply of this one question will hinge much. If Germany is willing to retire within her own boundaries and there await further action designed to carry out the peace principles enunciated by the President in his address to Congress last January, then she voluntarily concedes defeat from the military standpoint, officials say. If she does not desire to do so, why, then there is absolutely nothing to be done but for the allied armies to continue their operations until the German military machine is wiped out of existence.

Today's reply was sent only to Germany, the administration recognizing that after all, that nation is the leader in the war and that her decision must of necessity be the decision of Austria-Hungary and Turkey.

No answer to the Austrian peace proposal is contemplated for the present. This was made known officially.

CAMP GRANT, Ill., Oct. 8.—Colonel Charles B. Hagadorn, acting commandant of Camp Grant, committed suicide in his quarters at the cantonment last night. His body, with a pistol wound in the head, was found in bed at about 7 o'clock this morning.

Colonal Hagadorn has been in command of Camp Grant for a month. Officers at the camp said today he had been showing the strain imposed on him by the Spanish influenza epidemic, which has caused more than 500 deaths in camp. He had been troubled by insomnia.

Colonal Hagadorn entered West Point in 1885 and was graduated in 1889. He had served in various infantry regiments of the regular army and was appointed a colonel last fall.

He was unmarried and his home was in Elmira, N. Y.

VALLEJO CLOSES THEATERS.

VALLEJO, Cal., Oct. 8.—All theaters and public dance halls were closed here today by voluntary action of the managers of these places as a precautionary measure against any epidemic of Spanish influenza.

The 500 civilian workers in the navy yard near here were warned not to congregate in theaters or other crowds. Today's action followed.

TACOMA, Wash., Oct. 8.—With upwards of sixty cases of Spanish influenza reported in this city and at Camp Lewis, all theaters are closed today, and the closing of schools and churches may follow if the public safety seems to demand.

WASHINGTON, Oct. 8.—Five hundred civilian employees of the ordnance bureau were reported ill with Spanish influenza today.

Home Builders at Mass Meeting

Need for Immediate Action Shown

Two hundred home builders and real estate men of Oakland attended the mass meeting called for last night in the rooms of the Oakland Commercial Club by the Oakland Homes Registration and Information committee and the Department of Labor.

The chairman of the committee, Joseph R. Knowland, who presided, read a statement received from Washington defining the powers and duties of the local committee with relation to housing. He emphasized the urgent need for immediate action, pointing out that 2000 residential vacancies the first of the year had now dwindled to something like 100, and would soon vanish altogether. At the same time the new shipyards and other expanding plants would employ 20,000 to 30,000 men by next May, who must be housed.

W. H. L. Hynes, chairman of the committee of three, appointed by the State Council of Defense on Non-War Construction for Alameda county, explained the drastic measures being taken by the government to stop all unnecessary and non-essential building even to the halting of buildings in all stages of completion. Hynes stated that he had received instructions to secure the approval of the Oakland Homes Registration committee on all building projects relating to homes, and further stated that his committee would accept the approval of the Homes Registration committee as decisive.

GOVERNMENT ANXIOUS

Commissioner Swaner, representing the United States Housing Corporation, with offices in San Francisco, said that the government is not only willing that homes should be built in the Eastbay cities for war workers, but anxious to encourage and help such essential building in every way possible. He stated that the impression still existing in some quarters that the government is opposed to building is unfounded, but explained that all such building must be narrowly examined and its relation to winning the war thoroughly demonstrated.

Chairman Knowland stated that it is this provision for men with families rather than the transient unmarried workers that will place Oakland on a firm foundation as an industrial city, and asked the builders present to express themselves as to the amount of home building they would undertake in the immediate future if granted proper priorities.

Some of the builders present responded, stating the number of houses they proposed to start in the next few months, the number in each case ranging from three or four to forty. Among those who patriotically responded were: Lewis & Mitchell, J. Coard, George H. Noble, F. M. Strang, Frank H. Proctor, R. A. McWilliams, Fred Wood, Walter H. Leimert, R. C. Hillen and J. B. Pepis.

APARTMENTS.

C. W. Dickey inquired regarding the building of apartment houses, pointing out that the amount of labor and material required per family was less than that required in the building of single family houses, and that, furthermore, an apartment provided what the workers for the most part seemed to desire, namely, a place that could be rented rather than purchased. Dickey was assured by the chairman of the committee that building of apartments, the rental of which was within the means of war workers, would be approved and encouraged by the committee.

W. R. Featherstone, of the Walter H. Leimert Company, stated that the builders were faced by three separate and distinct problems—one being finances, the second being materials and the third labor. All three of these problems must be solved if building was to go forward and meet the situation as patriotism demanded.

In the discussion that followed it was brought out that banks are refusing to make loans for building purposes, and that this is one of the principal reasons why home building in Oakland has fallen off in face of unprecedented demand for housing facilities. The committee agreed to take up with the banks for the builders the matter of building loans; also, through the local government representative of the department of labor, the question of securing adequate labor for essential work of home building.

Frederick H. Clark, secretary of the Berkeley Investment Association, speaking for the loan associations of the Eastbay cities, Alameda County Loan Association, Columbian Mutual Building and Loan Association, Cosmopolitan Building and Loan Association, Oakland Building and Mortgage Company, Piedmont Building Association, stated that they were prepared to loan for building purposes 60 per cent of the value of the property at 7½ per cent interest.

DEMAND LARGE.

Vice-Chairman Frank H. Proctor pointed out that several hundred houses, which was the apparent limit of builders for immediate construction, would not even begin to supply the demand, and made an appeal on patriotic grounds for a strong and united effort on the part of the builders to erect several thousand houses.

It is understood that the Oakland homes registration committee will at once start actively to secure priorities for all Oakland home construction as well as adequate supply of labor, and will take up through the government and directly the matter of securing necessary funds from the banks for building purposes.

Another meeting has been called by the committee, to which all interested in home building are invited, for Monday evening, October 21, in the rooms of the Commercial Club.

THREATS MADE IN I. W. W. LETTER

SAN FRANCISCO, Oct. 8.—Veiled threats of reprisals against Governor William D. Stephens and Assistant Attorney-General Raymond Benjamin for their activities against the I. W. W., are contained in a rambling anonymous letter received by Benjamin today.

It is believed that the letter was inspired by recent published statements that Benjamin was drafting a law to be particularly with sabotage, and the meanors, to the rank of felonies that the "direct action" methods of the I. W. W. Benjamin proposed drastic reforms of certain sections of the penal code, raising offenses, now rated as misdeand your boss. In every evolution some authorities might have a more formidable weapon to use against this lawless element.

The letter received by Benjamin, after denouncing Governor Stephens and himself for their attitude in part said:

"Go ahead! Fill the bull pens with the I. W. W.. It will only react on you an dyour boss. In every evolution some had to be martyrs. Look out, this is a warning. Remember Lincoln. Take this advice; you may thank me some day. Mull it over.

Women War for Child's Rights

Would Unlock Barred Doors

By EDNA B. KINARD.

Oakland Woman's Committee, Councils of National and State Defense, today pledged its support and influence to the cause of children. The official body, of which Miss Ethel Moore is chairman, adopted a formal resolution in which it was definitely stated that, on the grounds of patriotism, the women whom they represented would do all in their power to create a public sentiment toward leasing city property to families in which young citizens were growing up. This action practically gives the approval of the organized womanhood of the city, several thousand strong, to the agitation which will provide against the discrimination of children as tenants.

WHAT ONE SAYS.

But, gracious, listen to this!

"The TRIBUNE should have honor enough to take up this subject with a broad vision so that all may receive a fair and just deal."

A "down-trodden landlord," so fair and just that he—or she—refuses to sign its name, has kindly sent a communication to Commissioner F. F. Jackson, appealing for protection to landlords against destruction of property by children.

From the landlord vs. children letters which have come to my desk three axioms are to be deduced: (1) All children destroy; (2) all parents are indifferent; (3) landlords will not admit tenants with children. These are the conclusions of the property-holders themselves, stated in their voluntary correspondence.

"Suffer little children to come unto Me and forbid them not, for of such is the Kingdom of Heaven," is a beautiful Sunday principle which sounds well in anthem and church service, but which apparently does not apply in practice to Oakland on week days. No hurling of epithets can camouflage the general movement in the city to push children out of leased homes.

It is being done. It is being done now. Thanks be to the landlords who still do welcome youngsters and who are confident that the mother with her little flock is a much better and more dependable tenant than the woman without home ties of any sort. Remember this, that the Huns, if history be true, have not had a care for little children nor the parents who were striving to raise up good and stalwart citizens to the future glory of their country.

WHAT ANOTHER SAYS.

Here are the words of the wife of one shipbuilder:

I had to walk for weeks to find a house. When the lady who answers the bell would say, "Yes, I have an apartment that is vacant but I see you have a boy," as if a boy was a savage animal.

Some say boys fight. I admit some do, for there are over a million fighting for us over there now. Boys do not always fight without a good cause.

And yet a man may come to your city to help build ships to take food to the fighting boys, must live at a hotel because he might have one little boy. Some people think if a woman has children any place is plenty good, but I differ in opinion. I could live where I would not take a child. So I think it is time for the landlords and apartment house managers should begin to realize other people are as particular as they are. And I am from Missouri.

When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

"Over 70, But Relieved By Internal Baths"

Mrs. L. M. Wadlin writes Dr. Chas. A. Tyrrell of New York as follows:

"Within the last month have had wonderful results and all inflammation has nearly subsided. I could hardly expect a woman over 70 to receive benefit from a trouble of long standing as quickly as a younger person. Money could not buy my 'J. B. L. Cascade' if I could not get another."

It is difficult to believe how many internal troubles internal bathing will relieve until you realize that physicians agree that 95 per cent of human ailments are caused by accumulated waste in the lower intestine.

The "J. B. L. Cascade," the scientific method of internal bathing, removes, in a perfectly natural way, all poisonous waste, and has been so successful in promoting health that over half a million intelligent Americans are now using it regularly.

It is produced by Chas. A. Tyrrell, M. D., of New York, who for 25 years has been a specialist on Internal Bathing and it is now being shown and explained by The Owl Drug Co.

They will give you on request a very interesting booklet on Internal Bathing, by Dr. Tyrrell, "Why Man of Today is Only 50 per cent Efficient."

Ask for it today and know more about yourself and your functions than you ever have before.—Advertisement.

Lightless Nights Cut Down to 2 Nights

So far as restrictions imposed by Power Administrator H. G. Butler for Northern California are concerned, there is no need for lightless nights after next Monday, according to an order he made public today.

There still remains, however, the Federal order requiring two lightless nights a week—Mondays and Tuesdays—for the conservation of fuel. Unless the federal order is changed those two nights will be lightless.

The effect of Butler's order will be that instead of there being five dark nights each week, there will be five bright nights. As the order takes effect succeeding an unrestricted night, no hour is fixed for the resumption, the order merely reading "beginning October 14."

Liberty Shipyards Ask for Spur Track

The Aberthaw Construction Comstruction Company, building the Liberty shipyards for the United States Shipping Board at Alameda, has applied to the Railroad Commission for authority to build a spur track at grade across Webster street and the tracks of the San Francisco-Oakland Terminal Railway at the same point.

"It's Up to Us Older Boys to Keep the Home Fires Burning

"And if you don't mind my passing good advice along, I'll be glad to put you wise to one way of making your salary go as far as possible these war times. I've found the dandiest way of buying clothes—and yet having plenty of money to give to all these war drives that come along. It's buying them on the credit plan. It doesn't cost a cent more, and you get the wear out of the clothes while you pay for them. Just think—I'm all togged out with a fall suit already and all I did was to pay a little down and the rest I'll pay as I earn. Want the name of this shop? It's Cherry's. OGDEN DEATH RAISES POINT OVER BALLOT

The death of Superior Judge Frank B. Ogden, who received the highest vote for re-election of Superior judge at the primary, has raised a question concerning the number of candidates for this office who will appear upon the ballot in November. Prior to the death of Judge Ogden, seven candidates had qualified. These candidates were F. B. Ogden, James G. Quinn, Lincoln S. Church, A. F. St. Sure, Joseph S. Koford, Dudley Kinsell and John D. Murphey. Some attorneys hold that the death of Judge Ogden will mean the addition of two names to the ballot at the November election, while others contend that only one will be added.

Section 25 of the primary law provides that when a vacancy occurs by reason of the death of any candidate for a judicial office after the holding of any primary election, the candidate receiving the highest vote among the candidates who have failed to qualify, shall go upon the ballot to fill the vacancy.

The law further provides that if the vacancy occurs in a case where, by reason of having received the majority vote at the primary election, only one person is entitled to have his name printed upon the ballot at the ensuing November election the names of the two candidates receiving the next highest vote shall be placed upon the ballot. This latter provision would seem to refer to cases where only one candidate had qualified, and the death of that candidate occurred following the primary.

In case the name of one candidate is placed upon the ballot, Greene Majors would qualify, receiving a total of 14,341 votes at the primary election. His closest competitor was James J. Jerome who received 12,499 votes. Jerome contends that two names should go on the ballot. The following was the vote of the various candidates who, prior to the death of Judge Ogden, had qualified:

Frank B. Ogden, 39,456; James G. Quinn, 34,695; Lincoln S. Church, 25,752; A. F. St. Sure, 25,245; Joseph S. Koford, 30,922; Dudley Kinsell, 26,552; John D. Murphey, 18,589.

As the vote of the leading candidates was extremely close, a most spirited contest is looked for in November.

U. C. AVIATOR IS MISSING IN ACTION

Lieutenant Wayne B. Stephenson, former member of the famous French "Spad" Escadrille, winner of the Croix de Guerre for daring flying and for bringing down several Boche planes, is "missing in combat" in France, according to a telegram from Washington received this morning by his parents, Mr. and Mrs. E. E. Stephenson, 2142 Ward street, Berkeley.

Official word from the war department is that young Stephenson has been missing since September 13, after having been transferred from the famous French flying company to the American forces on the Verdun front as flight commander, on August 25.

This news follows that of the death of his chum, Lieutenant Gilford Davidson of San Francisco, who, with the young Berkeleyan, were the only two American members in the French "Spad" Escadrille. Lieutenant Stephenson has a German "Draschen" air balloon to his credit as well as several Boche planes and was recently cited for bravery by the French government.

LETTERS TELL OF ESCAPE.

Last letters received by the Stephensons from their son, written a week before he was reported as missing, tell of a close call from death while flying at a high altitude over the French lines.

His engine going dead, Lieutenant Stephenson and his machine crashed to the ground in a quiet sector on "No Man's Land." There he lay for forty minutes unconscious before being able to extricate himself from his machine and drag himself to medical aid.

By a peculiar coincidence the young Berkeley flyer has been persistently followed by the number "13" in his war career. He enlisted on April 13, 1917, left for France on the 13th of the month, had his close call from death on August 13 and lastly has been reported as missing in action on September 13.

MOTHER HOPEFUL.

"It is this number '13' that will bring Wayne safely home," says his mother, who refuses to give up hope for her son. "My son has always felt thirteen to be his lucky number and for that reason we feel all the more confident that he may be found alive and well."

Lieutenant Stephenson, who was a member of the 1918 class at the University of California, has had a spectacular career as a flyer. He enlisted in the Naval Reserves in April of last year, transferring shortly afterward to the School of Military Aeronautics at the University of California, from which he was graduated with highest honors.

So great a record did Stephenson make in Berkeley that he was sent to France with three other young cadet flyers without having been in an aeroplane in the United States. In France he concluded his actual flying training with honors and was one of two Americans chosen for service in the French "Spad" Escadrille. On August 25 he was transferred to the American aviation corps and has been in the thick of fighting on the western front.

Lieutenant Stephenson is well known in university circles and is a member of the Delta Tau fraternity, also being active in the glee club and in other campus organizations. He is 23 years old and comes of a family of fighting southern stock, his grandfather and the latter's five brothers serving throughout the civil war.

Faces Court on Bad Check Charge

David L. Miller was arraigned in Judge Mortimer Smith's court this morning on the charge of passing a fictitious check on the Bank of Italy of San Francisco in the sum of $75. His examination was set for October 15. The check, signed E. L. Brown, was cashed by Ebenezer Wells, 1204 104th avenue, this city, on whose complaint Miller was taken into custody.

Farmers' Exhibit Given to Red Cross

The Red Cross salesroom on Thirteenth street is today a replica of the Land Show in so far as the exhibit of products of the farm are concerned. Most of the farmers in Alameda county whose exhibits of fruits and vegetables won praise in the Alameda county exhibit notified the development commission that instead of returning their exhibits they would be given to the Red Cross and the money obtained from the sales turned into the fund.

Here's New Fad for Shoppers! Find Bargain in Laughing

FLORRIE MILLERSHIP, whose gowns, smiles and dancing are the talk of this week's Orpheumites.

The shoppers' matinee is the latest.

Shop a bit—visit the bargain counters—then an ice cream soda, or some team—an an Orpheum matinee.

Oakland's modish shoppers invented the plan and Manager Harry Cornell furthered it by making just the arrangement the shopper needed—called the matinees for 2:15 sharp every day, and put in force that "shoppers' matinee" schedule of prices that make the Orpheum box office like one of those real bargain counters that the fair shopper just can't resist.

"When you can hear Vertchamp, the famous violinist, and Flanagan and Edwards, road show stars, and Florrie Millership in Joe Santley's smart new show, 'The Girl on the Magazine'—all for 25 cents, downstairs—why, you have as big a bargain as Capwell's or Kahn's or any of the rest of them ever got us downtown with," said one fair shopper to Manager Harry Cornell today. She told the truth—for the Orpheum "shoppers' matinee" is certainly the talk of those who come out these bright afternoons to shop a bit, laugh a bit—and save money while doing it, which in these days of conservation is no small achievement.

"You can see an Orpheum matinee and buy a thrift stamp, too, and still save money!" another enthusiastic shopper told Cornell.

"Yes, and besides, Uncle Sam gets a piece of the price here, too—the war tax," answered Cornell.

And in the meantime they're talking it over at whist parties and so forth. They're raving about the gowns of Florrie Millership and the Mellette Sisters and the "Creole Fashion Plate" already—and as for Vertchamp, they're just full of his praise! Every time they think of Flanagan and Edwards they laugh; and so do the men, too, for there's a reason.

Altogether the Orpheum bill this week is a wonder, all agree; the best this season, easily—and what with the seven all-headline acts, the shoppers' matinees and Leon Kowalski's augmented orchestra—well, after all, Orpheum vaudeville does, as it always has done, spell "Class!"

And besides—the bargain!

Ask the ladies—they know!

BRONCHIAL ASTHMA

Mrs. Graf Says Vinol Cured Her.

Darlington, Pa.—"I suffered from bronchial Asthma so badly I would often have to sit up half of the night or lean over the back of a chair, and so weak I could hardly walk across the floor. I had spent lots of money for different Asthma medicines without help—but Vinol helped me so I sleep well, and am so well and strong I am doing all my work on the farm."—Mrs. Emma Graf.

Vinol is a constitutional remedy which contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates. We strongly recommend Vinol.

Big Sale All Week at The Thrift Store

MARYMONT AND UPRIGHT
13th and Washington, Oakland

Three years ago this month Marymont and Upright bought out the firm of Abrahamson Bros., long located at 13th and Washington. This sale will celebrate our birthday and thank our many customers for their appreciation of our dollar for dollar value-giving policy.

The Government has ordered that Christmas shopping this year be confined to useful gifts, and be done in October and November. This sale offers unusual opportunities for practical presents.

Quantities in some items are limited, and of course the first customers get the best selections. So come early. These are only a few of the many bargains. "S. & H." stamps will be given on all purchases, as usual.

GERMANY AND HEALTH INSURANCE.

It was doubtless uniquely interesting to Californians to read in the text of the speech of Prince Maximilian of Baden before the Reichstag Saturday that the German kaiser's governmental spokesman is to insist, in the coming peace negotiations, that all the treaty-making countries agree to inaugurate within a prescribed time the German system of health insurance, or an "equally efficient" system. This is a new condition which Prince Max proposes to add to President Wilson's fourteen terms. It will unquestionably create surprise among the unthinking advocates of this socialistic project in California to find that it is held in such high importance by the Imperial German government.

Until further information is available, no explanation of the Prussian chancellor's resolution to force health insurance upon the countries of the Entente Alliance is possible. It has nothing to do with restoration of invaded territories or reparation for crimes and is only remotely connected with frightfulness. In view of the military and political situation in Germany it is difficult to account for Prince Max's notice that he will make this demand on the Allies.

If health insurance was a necessary or meritorious innovation in the government of California the fact that it is a German scheme, invented and developed to fruition in Germany, would not in normal times be an argument against it. Nor would the fact that it has been one of the most effectual devices by which the German people have been held in helpless servility by their military masters constitute a demand for its defeat, although that would be a most serious warning. California, Massachusetts, or any other State ought to be free to consider an alleged social reform on its merits—under normal conditions.

But the times are not normal. To ask the people of any American State to vote approval of any project the fulfillment of which is demanded by the Imperial German government is a most abnormal proceeding.

At least there is no occasion for haste in the matter. The health insurance proposition is on the ballot for the November election as a constitutional amendment. There is no emergency call for the inauguration of this reform at once. The people of California can well afford to wait until another election rolls around—one, two or four years—before taking decisive action. Let us not anticipate the Ally governments in submitting to the demand of the German chancellor.

JUDGE OGDEN.

In the death of Superior Judge Frank B. Ogden, Alameda county is called upon to mourn the loss of a man whose public service both as a judge and a private citizen won the respect, admiration and affection of a large proportion of the people. He occupied a place on the superior court bench continuously for twenty-six years and during that long period established a record for industry and ability, tempered with a lively sense of simple human justice, that has been equaled by but few other judges.

At the primaries last August, although he had been seriously ill for several months and was unable to conduct any campaign, Judge Ogden led the ticket over all the other primary candidates. He received a majority of all the votes cast at the primary and his re-election in November was certain.

Judge Ogden will be missed from the courts of Alameda, as he will be from a wide circle of admiring friends. He has been a valuable influence for the just administration of the laws according to modern conceptions and for good citizenship generally.

Leading all the cities in the Eastbay district, Alameda City went "over the top" in the Fourth Liberty Loan drive Monday. The first honor flag has been captured. Alameda's quota has been 100% subscribed, with a margin off oversubscriptions to spare. Berkeley is a close second in the race for honors. It had subscribed yesterday 88% of its quota and may be found to be "over" when today's figures are totaled up. These are examples which every city in this district must emulate or be recorded as a failure.

SALUTARY EXAMPLES.

Federal Judge Dooling of San Francisco has within the last few days handed down two judgments which ought to have a very much desired effect in reducing criminal war profiteering. James Worthington Chase, who solicited public contributions for an alleged charitable purpose and applied the funds to his own benefit, was sent to prison for five years. J. A. Wood, an official of the food administration in Nevada, was given a two year sentence for offering to sell his official authority to aid in the circumvention of the food regulations.

Justice has been promptly administered in both these cases. There has been no undue haste in punishing the crimes, but at the same time the proceedings have been so expedited as not to provoke impatience and complaint on the part of the victim of the misdeeds—the general public. This method serves both to protect the people and to inspire popular confidence in the courts. It is the surest preventive of the spirit that gives rise to "night riders" and other forms of mob violence in the name of justice.

Wood and Chase are now out of the way of the trial of other offenders. Judge Dooling's methods may well be copied by the judges of the State courts. It has been demonstrated that THE TRIBUNE's demand that court proceedings be speeded up and offenses in any way related to war work be given immediate attention can be met.

NEW SHIPS.

One hundred merchant ships of a total tonnage of 301,000 dead weight tons was the output of the Emergency Fleet Corporation for September. This is keeping up with the record of past months. Unless weather conditions interfere the production ought to show an increase in October and November, a forecast on the basis of recent launchings.

Almost coincident with the rendering of the September monthly report of shipbuilding is the report of the first year of building operations of the Federal Shipping Board. This closed on September 26. According to the figures compiled by the Bureau of Navigation of the Department of Commerce there was placed in service during this twelve-month period 1,956,455 tons of new shipping.

A slight increase over the September production during October, November and December would bring the total of new shipping for the fifteen months ending December 31, 1918, to approximately 3,000,000 tons. It will be recalled that when in the early part of this year it was asserted that the government would produce 6,000,000 or more tons of new shipping in 1918, THE TRIBUNE predicted that the result would be nearer 3,000,000 tons. This estimate will not be far wrong when the figures are cast up at the end of the year.

But notwithstanding the overestimates of the paper shipbuilders, the United States has surpassed all records in the matter of shipbuilding and is just beginning to "hit her stride."

A JUDAS PEACE.

(William Roscoe Thayer in "The North American Review")

This war can never end in a just peace until the German shall be forced to pay for everything which can be paid for. He has sunk fourteen million tons of the world's shipping, and he exults in this enormous crime; but Justice will not be placated until he has paid back ton for ton. He has ravaged thousands of square miles of French and Belgian, Polish and Serbian territory; he has laid Armenia waste, he has damaged Italy. So far as material devastation and losses can be paid for and restored, he shall pay for them. The great spiritual calamities which he has brought upon the world, the doctrines of inhumanity and mendacity which he has shed over it like a poisonous gas, the innumerable bereavements, the blighting and shattering of millions of families, the heartaches and sufferings of the myraids who survive to lead crippled lives, these concerns of the spirit cannot be compensated in money. These things we leave to the Vengeance of God.

As I write this, the German army has already been driven back, and unless some incredible disaster to the Allies should supervene, the Teutons are inevitably beaten in the field. That the German despots understand this is proved by their frantic efforts to secure peace by chicane. Only by listening to their guile, and by being duped into accepting a part today, when they could have the whole tomorrow, could the Allies lose the certain victory which awaits them.

We must not slacken our preparation; we must push on with larger and larger forces, and never allow the wily Huns to imagine that we are war-weary or downhearted or willing to compromise. During the latter part of the year 1864, also, there were doubters, cowards and friends of the enemy, who still beset President Lincoln with declarations that the Civil War was a failure and that he must make peace. But he knew better. He saw the end was near, and he hastened to attain it. No man hated war more than he did, no man's heart bore a heavier burden of grief than his did; but he would not betray his country and the world in order to silence the clamors of sentimentalists or of the shallow-brained.

Of all great national rulers, none has surpassed Lincoln in a sense of justice. The words which he spoke to our fathers in their crisis were so just that they apply equally to us in our crisis, and we can conceive of no similar ordeal in which they will not be most pertinent. Therefore, I quote Lincoln's immortal passage: "Fondly do we hope, fervently do we pray, that this mighty scourge of war may speedily pass away. Yet, if God wills that it continue until all the wealth piled by the bondman's two hundred and fifty years of unrequited toil shall be sunk, and until every drop of blood drawn with the lash shall be paid by another drawn with the sword, as was said three thousand years ago, so still it must be said, 'The judgments of the Lord are true and righteous altogether.'"

In conclusion, let me commend the serious reading of this passage to those who have been appealing to Lincoln's phrase: "With malice toward none, with charity for all," in their endeavor to incline the heart of the American nation to a peace framed in the interests of the Hun, and those who are urging us to make the way of the German transgressors easy. I do not believe that the United States, and the civilized world can be duped to their destruction.

NOTES and COMMENT

Colonel Roosevelt is not singular in his attitude on the peace question, but he is unique in defining it. "It were better that we sacrifice our last man and our rock-bottom dollar," than agree to a Hun peace, is the way he puts it.

We hear of frequent arrests of men charged with I. W. W. proclivities, and they generally have literature and other paraphernalia that substantiates the charges; but there does not seem to be prompt and effectual follow-up proceedings. Thirty-one of them are comfortably provided for in the Sacramento jail. If the Hun example of performing under similar circumstances is to be accepted as a criterion, we are a very amiable people.

SPIRIT of the STATE PRESS

WASTE.

To the Editor of The Tribune:

Just read your article on paper conservation. Excellent as far as it goes, but are you aware of the tons of paper thrown into the streets within a block of the school houses? Lunch, gum, meat, letters, notes, candy, chocolate, biscuit and other wrappings, not to mention tobacco bags and cigarette cases, thrown by people who should know better. Coming here recently from a clean town where this untidiness was not permitted, looks most untidy.

Personally, we are a great believer in physical culture, and while stooping salvage five days in the week sufficient waste paper from our little corner to build a fire each day in the cook stove and two grates, thus leaving more newspapers for charity.

Hoping you may write something in your excellent paper to awaken the public to this enormous and useless waste, Yours sincerely,

MRS. JOHN MOSS BARTLETT.

THE OMINOUS SOUND

Whirr, whirr, whirr!
What is that ominous sound
That, entering through the startled ear,
Searches the body's quivering cells,
Strikes the mazed heart with the lash of fear,
Quickens the sluggish currents in the veins
Till they seethe and swell with the crimson flood—
The flaming deluge whose mission will be
To wash out the crimes and the shames of the world

Whirr, whirr, whirr!
'Tis the wings of the angel of storm—
The angels of tempest and fire;
They are flying athwart the frowning skies
Bearing dispatches of import grave
To the ruthless tyrant and illused slave;
Threatening to one; pledges of aid
To the other, whose manacled, pleading hands
Cannot grasp the right which his soul demands.

Whirr, whirr, whirr!
Liberty! Yea, 'tis on high proclaimed;
It is thrilling the pulses of the world.
From east to west, from pole to pole,
In surging waves the echoes roll
From that magical name; and lo! there now appears
A haloed trio in the vanishing gloom,
Crying: We stand at the gates of life—we three—
Justice and Truth and Enlightenment—to be
Henceforth the Guardians of Humanity.

AMERICAN BANKERS.

The membership of the American Bankers' Association is now 19,072, the highest in the history of the organization. About a year ago the membership was 17,326. If allowance is made for the loss of membership due to delinquencies, failures, liquidations and mergers it appears that the net increase for the year was more than 2000. Of the membership in the association 8669 are State-chartered institutions and 6223 are national banks. There are about 1670 trust companies, 1526 savings banks and more than 850 private banking houses.—Evening Wisconsin.

HEALTH and HAPPINESS

Some of the Causes of Fever and How They Can Be Controlled.

By DR. LEONARD K. HIRSHBERG A. B., M. A., M. D. (Johns Hopkins University.)

You sometimes hear the anxious one inquire about a relative, "Has she any temperature?" This is an inaccuracy as well as bad grammar. What is intended is this: "Is there any rise of temperature above the normal?" because there is always a temperature as long as a living thing is alive.

"Has she any fever?" would be a correct and intelligent inquiry. The temperature of the average person will rise above the normal, whenever more heat is made than there is heat expended.

Whatever the cause of this overproduction or diminished output, it is fever. A very high temperature outside, with a generation of heat from too much food within, may be a momentary source of fever. Bacteria, poisons, congestions and severance of the coordinating brain wires between the various structures of the living anatomy also are causes of fevers.

It matters not what the cause, there will be a rise of temperature if the heat loss by perspiration, respiration and kidney fluids is interfered with.

The combination of arrested heat loss or excess heat production with high humidity leads to an accumulation of heat in the tissues. Of fever in general it may be averred that it is less the result of overproduction than of a failure of the flesh to dissipate what there is.

A rapid heart, high blood pressure and rapid breathing, to be sure, yields more heat than a quiet bed. Children and babies kept awake near older persons on hot summer nights, even in parks, are hotter than when undressed, asleep and in bed in their own homes. The earlier they are put to bed the cooler they are.

Fever does not arise if the central stations, such as the gland juices or the brain fibres, send quick and accurate messages back and forth to balance the output and the manufacture of heat. If the balance between "thermotaxis" and "thermogenesis" is swiftly and precisely maintained there is no rise of temperature; that is to say, no fever. But this balance may be re-established at a wrong point, several degrees above the standard. This is what happens when a fever is present and holds a steady course. Such a fever is at a false standard.

A man's sense of temperature, of touch, of recognition are not reliable as to a fever. Your senses would have to be as accurate as an instrument of precision, such as a spectroscope or a thermometer in order to indicate a man's temperature.

On the other hand, when the blood flow through the skin is very much diminished you may feel chilly, yet you are actually warmer, because there is less chance of a loss of heat through such a pale, shrunken, goose-fleshy skin.

Your skin toned thus by cold water and habits of exposure allows little of the cold air, dampness or icy weather to penetrate to your interior, and you are not so liable to "colds." It is the flushed, overheated, flabby, engorged skin which feels warm and comfortable that carries an excess of frosty weather to your vital parts.

SOCIETY

Two weddings are to interest society tomorrow, those of Miss Margaret Eberts and Miss Marjorie Heath. Miss Eberts is to become the bride of Lieutenant Kenneth Allston Williams, U. S. M. C., in St. John's Presbyterian church in Berkeley. A large number of friends of the bridal couple will witness the nuptial service. Miss Heath will wed Joseph S. McInerney of Salt Lake City at the home of her parents, Mr. and Mrs. Frank E. Heath, in Berkeley.

The Eberts-Williams wedding is one in which society has been interested for many months, since the announcement of the popular college belle to the officer of the Marines. Mrs. Walter Ratcliff Jr. (Corona Williams) is to be matron of honor and the bridesmaid, a sister of the bride, Miss Carol Eberts. The Misses Eberts are the daughters of Mr. and Mrs. Duncan William Eberts of Piedmont, and both have played a prominent part in all college activities while students there. The reception following the service at the church is to be held at the home of the bride's parents in Mariposa avenue.

Lieutenant Williams has been stationed at Bremerton.

Miss Marjorie Heath is a graduate of Miss Head's school in Berkeley, and since the announcement of her betrothal has been entertained extensively by friends. Her marriage tomorrow evening interests many who reside in the different cities about the bay.

☼ ☼ ☼

Raymond Baker director of the United States Mint, will arrive in California October 10, and will be here for a period of five days. During that time he will be the house guest of Dr. and Mrs. John D. Griesim in Piedmont. Mr. Baker will make the trip west unaccompanied by his family this time. Mrs. Baker to remain in Washington taking her part in war activities.

☼ ☼ ☼

Mrs. Horace Breed (Elizabeth Haas) has returned from Southern California for a visit with her aunt, Miss Louise Haas, in Piedmont, while her husband is in quarantine. Horace Breed, U. S. N., has just finished his examinations at San Pedro in the officers' school, and is awaiting his commission.

☼ ☼ ☼

Miss Elizabeth Simpson will be at home to her friends at 2518½ Etna street, Berkeley, at a musicale Saturday evening, October 12. An interesting program of music will be given during the hours of the musicale. Miss Simpson is one of the well-known musicians in musical circles east of the bay.

☼ ☼ ☼

Mrs. Charles Alfred McNeill (Anna Kessler) will join her husband in Seattle the latter part of next week. Ensign McNeill is instructor in the Northern University in Washington.

☼ ☼ ☼

James Cunningham Wallace, U. S. A. is stationed at Camp Kearny for the present. Mrs. Wallace (Doris Atwater) will make her home here with her mother, Mrs. W. O. Atwater.

☼ ☼ ☼

From Visalia has come the announcement of the engagement of Miss Lillian M. Farnsworth, daughter of Judge and Mrs. E. C. Farnsworth, and James M. Burke, prominent attorney of that city. In the bay section Miss Farnsworth has many friends since she has often visited here. Her fiance is a graduate of the University of California and a member of the Phi Beta Kappa honor society, while Miss Farnsworth received her degree from Stanford University. She is one of the most popular members of the Kappa Kappa Gamma sorority. Mrs. Otis Booth (Winifred Farnsworth) is a sister of the bride-elect. The wedding is to be an event of the [illegible]

[illegible] hundred dollars were added to [illegible] funds of the Ladies' Relief Society of Oakland, as a result of the benefit [illegible]son revue held at the T. & D. theater yesterday afternoon, in which ten Eastbay maids and matrons participated. The fashion display was given within a brief interval of five minutes between the pictures.

Those who displayed stunning street models introducing the new close-fitting high collars and new length in skirts were Mrs. Frank Hunt Proctor, Mrs. William Thornton White, Mrs. Joseph Russell Knowland and Mrs. Fritz Henshaw. All were fur trimmed in Hudson seal, beaver, fox and other beautiful furs.

Dinner gowns, black predominating, were displayed by Mrs. Percival Black, the model of black satin and sequins with flowing sleeves of tulle.

Mrs. Joseph Rosborough was in black satin and silk chantilly lace drape; Mrs. Marian McCandless wore an afternoon gown of dark blue, an effective design in chiffon and satin, fringe trimmed; Mrs. Jack Martin wore an evening model of orange velvet over cloth of gold and lace. The misses' gowns were displayed by Miss Frances Redman in black and Miss Helen Mehrmann in azure blue chiffon and silver, the picture hat of the same material as the gown.

Will Rogers, Cowboy, in Film; 'Laughing Bill Hyde' Is Here

WILL ROGERS, who used to be a vaudeville cowboy, and now is a movie star. He's appearing in "Laughing Bill Hyde" at the American.

American Program Has Notable Offering in Striking Play by Rex Beach

Who has not thrilled at Rex Beach's stirring tales of love, romance and adventure in the great Northwest? Who has not enjoyed to the utmost his vivid word-pictures of the amusing, exciting incidents in the lives of red-blooded men and women of the far-away places—the outposts of civilization. Who will not welcome with delight the announcement that a picturization of the brilliant author's most gripping story "Laughing Bill Hyde" will be presented at the American Theater for four days commencing with the matinee tomorrow.

With the presentation of this splendid Rex Beach-Goldwyn production the public will be quick to acclaim "Laughing Bill Hyde," the greatest achievement of both author and producer.

Rex Beach, noted for his choice of brilliant players to portray the remarkable characters he creates fairly outdid himself in the selection of a cast for his latest Goldwyn photoplay and he made a particularly happy choice in his selection of a star to play the name role. Laughing Bill Hyde, in the person of Will Rogers (of "Follies" fame) a man possessed of the most original and unique personality of any actor who has yet appeared before the footlights or in the silent drama.

Famous Will Rogers, he of the lumitable smile and homely, good-natured visage is peculiarly adapted to assume the difficult role assigned to him and his wonderful portrayal of the man who smiled in the face of danger is at once delightfully fascinating, convincing, artistic and human.

The other feature on the double-bill will be Edith Storey, in a forceful drama of the Hudson Bay country, "The Silent Woman," a play of dramatic situations, exciting climaxes, love, hatred and revenge.

An animated news weekly and special Liberty Loan film round out the entertaining, well-balanced bill.

THE STRUGGLE

BY ZOE BECKLEY

(Continued from yesterday.)

CHAPTER VIII.

WINGED GOLD.

Ferrol had always felt about gold as money that it had a leaden slowness in coming to him. It seemed to him that he had to dig painfully through rock for every tiny speck of it. Never had he struck a bonanza, or even a "vein"; nothing but a grudging, stubborn, day-to-day yield that just kept up with the demands on him. Never did he feel free from the fear that tomorrow's digging would find even that stingy yield at an end.

Now—suddenly—gold came to him on wings! He had gone to the bank, made out a check, given the money to Al Blake—and a few hours later, through no further effort on his part, more gold had come to him than days and days of digging would have brought! At last; freedom from that sense of heavy effort! At last that sense of exhilarating flight! Gold was no longer leaden footed. It was winged!

But if it had wings to come with it also used them to fly away. When every dollar meant toil and time for its begetting Ferrol had been slow to let it leave him. Now that money had come easily to him it seemed to lose something of its preciousness. He used to think of money in terms of what he could buy with it. So thinking, it was no wonder that the pleasanter thought prompted his actions.

His employer, Mr. Harmon, who had so recently refused him a raise in salary, was a tasteful dresser. Ferrol had always envied his attractive, impressive-of-prosperity appearance, to which his clothes contributed the greatest part. Ferrol had developed an article of faith that "clothes make sales." He needed a new suit now. He would go to the same tailor who made his employer's clothing. Ferrol knew his address.

The tailor catered to the fastidious. His business motto was, "The more you charge 'em the more they think of your wares." He had imported a bolt of cloth for suiting which must have been designed in a moment of inspiration, so appealing and rich was its appearance. "King's Own," the cloth was named, and the tailor charged accordingly for it. Ferrol's employer fell in love at first sight of it, and promptly fell out of love when the tailor told him the price. It offended his sense of value. He bought a less expensive cloth.

But when Ferrol laid his eyes on "King's Own" his longing for it took on the aspect of an obsession. One hates to think of economy where one's heart pleads for possession. When the tailor named the price for "King's Own," Ferrol's heart sank. But longing gave it strength and enlisted his mind to help it.

"You're hundreds of dollars ahead of last week," he reflected, as the tailor brought the cloth out into the light. "Bonanza Copper is going up. More money where this comes from! It isn't as though you wanted to spend on pleasure only. You will more than get it back in increased sales. Clothes make sales. Being a tightwad never brought you anything."

So Ferrol appeared in the office one morning clad in a modish suit of "King's Own." It excited admiring comment from his fellow salesmen. It elicited low whistles and interested speculation when he told them how much it cost. Finally it attracted the attention of his employer.

Ferrol had been called by Mr. Harmon for a consultation. He saw Harmon look suddenly at his new suit. Ferrol made a mental comment that it was a good thing for him to have his employer see how much care he took to look effective. But Ferrol was wrong in this case. Harmon had recognized the cloth as the pattern he had found too costly to buy.

"Ferrol can't be needing money very badly if he buys clothes I can't afford to get!" was his mental note. "I'll remember this next time he asks for a raise!"

CHAPTER IX.

A FEMININE ORGY.

Edith Ferrol awoke with a feeling of elation she had not known since the day she had gone shopping for her wedding finery, nine years before. From the depths of the heavy sleep she had fallen into at daybreak, her consciousness rose gradually to the light. It was a golden light. It was the light of Fortune's smile. Edith remembered the cause of her happiness—John's windfall in the stock market!

With singing heart and glowing eyes she did her morning work about the house, saw to the breakfast, got the children off to school, and ordered the day's provisions. As she asked the price of this and that article of food Edith could hardly keep from seizing the shopman by the lapels of his linen duster and shouting gleefully, "For once, you old robber, I don't care! Ask as much as you like for your potatoes and oatmeal and eggs! I'll pay; I've got money—lots of it! I won't have to apologize for delays. Send your bill; I'll settle when you like. We're rich, rich, RICH, I tell you!"

As she walked home she was surprised and a little amused to note how self-respecting she felt. She greeted a neighbor gayly coming from the butcher's. She smiled with unusual friendliness at meeting the landlord in the hall. She glanced at herself in a mirror and skipped a heartbeat as she saw how youthful her face looked. Her step was light. She caught herself humming as she made ready for the shopping trip with Lillian Blake.

For the first time in all her life Edith Ferrol entered a department store with a sense of freedom to buy. Even the orgy of her trousseau, while exhilarating, was restrained by a modest purse. For nine years she had never once bought half a dozen pairs of stockings for the youngsters or for herself without figuring on the lowest possible price and wondering if, after all, she couldn't make four pairs do. But now she could spend! She could buy quality instead of shoddiness.

"Now let yourself go, my dear," urged Lil Blake, "and take advantage of luck when it comes your way. Loosen up. Buy a regular outfit—all you and the kids'll need for the next six months."

"Dear me, Lily, you talk as if we were going to live on a desert island and wouldn't have a chance to buy anything for love or money once we get there! I feel guilty spending so much of John's earnings all at one time."

"Say, listen, Ede, this dough isn't exactly earnings—it's profits. Earnings is well enough to be economical with; but profits are different. Take 'em while you got 'em, and spend 'em quick," replied Lil Blake, the wise.

Edith felt vaguely uncomfortable at Mrs. Blake's advice. It seemed to corroborate certain doubts that stirred deep below the surface of her delight. But the spell of spending was upon her.

The warm, bright store, the eager saleswoman, the handsomely gowned shoppers, the treasure-trove displayed on every counter, the tempting placards, "Reduced to $12.50"; "Manufacturers' samples, odd pieces sacrificed at one-third value"; "Special sale, today only, $19.75; were $25"—all these things wove a web of weakness about Edith Ferrol.

"Now, come on, child," brisked Lil Blake, the light of generalship in her eye; "let's start at the hat department and work down. I saw some darling copies of French models, only $14.98. Get a smart hat or two and you're on the road to being well-dressed. The hat makes the woman. Then we'll see about a tailor suit. I'd have one made if I was you, but if you want it quick you can get one of those duvetyn or bolivians for about seventy-five and have the tailor do you a really good one later."

Edith had never spent more than $45 for a suit in her life, but she bought one of the "duvetyns" with scarcely a quiver. That night the Ferrols' apartment looked like the package room of the Hotel Ritz. Edith was a little frightened at the array. What would John say when he saw it?

WOMEN of ALAMEDA COUNTY AND THEIR WORK

By GEORGIA G. BORDWELL.

Shall they be boys or shall they be girls or shall it be 50-50? That is the question that is disturbing the minds of the women and girls at the California Cotton Mills this week.

Not content with knitting hundreds of warm garments for the Red Cross, to be sent, not to their friends, but to any boys the Red Cross may see fit, not content with giving a party now and then (at the last one they made $160 for the Red Cross and, as they said, "had a perfectly wonderful time") these women and girls have adopted eleven out of the sixteen Belgian babies who have found a home in the warm heart of the mill—the other five were adopted by the men's department.

As soon as the momentous question of sex is decided, the women will proceed to raise the $55 which every month will be given to the Belgian Commission, that eleven future citizens may be saved to Belgium.

CLUB TO ENJOY PATRIOTIC PROGRAM

Oakland club and its guests are anticipating with pleasure the charming program, patriotic in character, which will be presented at its meeting tomorrow afternoon.

Pantomime, "The Star-Spangled Banner," Miss Ada Hayden; reading, "The Old Man and Jim," James Whitcomb Riley, by Allen B. Morris; patriotic songs, M. L. Brooks, Mrs. Waldo Rucker, accompanist; address "Americanization," Rev. H. A. Van Winkle; American Indian songs, Mrs. C. C. Threlkeld; pantomime, "Comin' Through the Rye," Miss Ada Hayden.

Mrs. J. C. Nicholson will be chairman and will be assisted in receiving by Mrs. John W. Porter, Mrs. C. B. Merserau; Mrs. A. L. Coriell, Mrs. Russell Lowrey, Mrs. John Ronald, Mrs. F. E. Miller, Mrs. H. C. Petray, Mrs. J. M. Bonner, Mrs. F. Chadwick, Mrs. T. E. Nebeker, Mrs. C. S. Chamberlain, Mrs. F. H. Greene and Mrs. A. W. Barstow.

MOTHERS' CLUBS WILL HOLD RALLY

Oakland Federation of Mothers' Clubs announce a meeting for Thursday, October 10, in room 20, Oakland High School, at, which all presidents of local clubs and federation chairmen are expected to be present.

Mrs. J. George Short, chairman of Americanization, will speak on the work which is being done in co-operation with the Board of Education, and other federation chairmen will be asked to give a brief outline of their work.

The Speech Arts Club, formed some years ago in San Francisco for the development of the art of reading and speaking, has become virtually an Eastbay Club, inasmuch as all the new officers, elected Saturday, and most of the members live in Oakland and Berkeley.

The new president is Mrs. Oscar Bennett of Berkeley; vice-president, Mrs. Josephine Swan White of Oakland; secretary, Mrs. Evelyn Meriuls, Berkeley, and treasurer, Mrs. Celine Straus, San Francisco.

PARENT-TEACHERS GIVEN SURPRISE

That delectable dainty beloved by the small boy, one time known as a "wiener," by another generation as a "hot dog" and now, if you please, as a "steam pup," came in for its full share of appreciation last Friday evening, when the W.P. Frick Parent-Teachers' Association gave the Boy Scouts, which meet every Friday night in the basement of the school, a surprise. D. E. Bothwell, scout master, outlined the work of the troops; Joseph Evans spoke of the pioneer troop, and then a "steam pup feed" delighted the boys. The surprise was made possible by Joseph Alonzo, custodian of the school.

The literary section of the Rockridge Woman's Club, which meets at 9:45 tomorrow morning, will devote its time to the study of certain books and poems inspired by the war. "The Glory of the Trenches," by Conningsby Dawson, will be reviewed.

To add to the treasury of the Junior Red Cross of the school, the Bay School Parent-Teachers' Association are sponsoring a bazaar which will be given the afternoon and evening of Friday, October 11, at Kilnkner Hall.

Believing that healthful amusement is the best safeguard for the young people, this club has inaugurated a series of school dances, which will take place the fourth Friday of each month.

Mrs. Leigh Richmond Smith, regent of the Women's section of the Navy League of Alameda county, announces a meeting for Wednesday, October 9, at 10:30 a. m., at which a proposed rummage sale will be discussed.

Wartime Recipe For Gray Hair

Actress Gives Simple Inexpensive Recipe for Streaked or Faded Gray Hair.

Mrs. Mackle, the well-known New York actress, now a grandmother, and whose hair is still dark, recently made the following statement: "Gray streaked or faded hair can be immediately turned black, brown or light brown, whichever shade you desire, by the use of the following simple Remedy that you can make at home: "Merely get a small box of Orlex powder at any drug store. It costs very little and no extras to buy. Dissolve it in water and comb it through the hair. Full directions for mixing and use come in each box.

"You need not hesitate to use Orlex, as a $100.00 gold bond comes in each box guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal-tar products or their derivatives.

"It does not rub off, is not sticky or greasy, and leaves the hair fluffy. It will make a gray haired person look many years younger."—Advertisement.

BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed Up Head Will Get Relief.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei.

It will clean out your head in two minutes and allow you to breathe freely. Hyomei will end a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at druggists everywhere and at The Owl Drug Co. If you already own an inhaler you can get an extra bottle of Hyomei at druggists.—Advertisement.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty)

There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for two or three minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone.—Advertisement.

Elsie Ferguson Grasps Happiness in Darkest Hour

ELSIE FERGUSON

Steadfast Loyalty to Convictions Wins Heroine Her Reward at Kinema.

By pure deep-rooted love and steadfast adhering to her convictions, Elsie Ferguson overcomes all gossip and scandal and secures absolute happiness, just when all was going against her in Henry Arthur Jones' famous play, "The Lie," which is at the Kinema all of this week.

It is an elaborate production, well fitted to her sympathetic nature, and is given that atmosphere that makes one feel as if living right in the homes of the wealthy Britisher.

The Franklin Theater, now under Kinema management, is playing Dorothy Dalton's latest thrilling mystery melodrama, in which she starts after a set of plans and keeps us guessing to the very end.

GETS DEATH SENTENCE.

MERCED, Oct. 8.—Sentence of death was imposed on Tom Bellon, 41, a Dinuba, Cal., laborer, here today following his conviction for the murder of Mrs. Mary Miolano, his mother-in-law.

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced two to four pounds a week by using this new form of the famous Marmola Prescription and now, by taking Mamola Tablets several times a year, keeps her weight just right. All druggists sell Marmola Prescription Tablets at 75 cents for a large case. Or you can get them by sending price direct to the Marmola Co., 864 Woodward ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.—Advertisement.

MRS. W. B. SCOTT GAINS 25 POUNDS

Her Physician Said He Never Saw Such a Big Improvement.

"I can hardly find words to express the gratitude I really feel over my wonderful increase in weight, health and strength," said Mrs. W. B. Scott, who resides at 911 Normandie street, Spokane, Wash., recently in one of the most remarkable statements yet published in connection with Tanlac.

"I had suffered with my right side for four or five years" said Mrs. Scott, "and for the past two years have been under almost constant treatment. I kept getting worse, and until finally I was advised that an operation was my only hope of recovery. When I went to the hospital I weighed one hundred and fifty-five pounds, and left after two weeks' stay there weighing only one hundred and thirty pounds. This operation was for an adhesion of the stomach, intestines and appendix, and for a while I seemed to get along nicely. But it was not long until I commenced to suffer with awful pains over my right kidney, and it was impossible for me to lay on that side. Then I was told I would never have a peaceful moment until I was operated on for this trouble also, and I just couldn't bear the thoughts of it.

"I had been reading about Tanlac, but my husband would not hear to me taking it. At last I sent and got a bottle without his knowledge, as I was so anxious to avoid another operation, and that was one of the luckiest days of my life. Tanlac soon gave me an enormous appetite and I have gained in strength and weight with every bottle. I am on my ninth bottle now, and have actually gained twenty-five pounds, which is all I had lost. When my physician saw me about two weeks ago he said he never saw such an improvement in anyone and that the operation would not be necessary. You can imagine how delighted I was to escape the second operation. I have all my strength back now and I don't even feel it a task to do all my housework, including my cooking. I have suffered since childhood with constipation and since taking Tanlac I notice a big improvement in this respect, too. I am glad, indeed, to tell my friends about Tanlac and several of my neighbors are now taking it on account of what it has done for me."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company Stores.—Advertisement.

ALAMEDA CITY OVER TOP--STILL GOING

80 MILLIONS NATION'S SALES

BULLETIN.

NEW YORK, Oct. 8.—Marshal Foch sent the following cablegram to Benjamin Strong, chairman of the Liberty loan committee:

"The fourth Liberty loan will be a magnificent success if your fellow citizens put into the subscriptions the same spirit as your soldiers put into battle."

WASHINGTON, Oct. 8. — The over-night increase in Liberty loan subscriptions reported to the treasury today was $82,334,050, raising the total of $1,406,051,000.

Seven working days of the campaign yet remain to raise the total of six billion dollars.

Campaign officials today reiterated the warning against allowing the German peace proposals to lessen the efforts of the workers or the ardor of the people. In a message flashed by order of Secretary Daniels today to every ship and to every naval station, Vice-Admiral Sims called upon the men of the navy to subscribe to the loan.

BERKELEY TO CELEBRATE IN DAY OR TWO

Alameda city is over the top in its subscriptions to the Fourth Liberty loan and is going on with the drive. The totals reported do not include subscriptions obtained late last night and today. Alameda's quota was $960,150 and the subscriptions reported total $964,450.

Piedmont, which was made a separate unit, went over the top some days ago, but the work of obtaining subscriptions is continuing. Oakland and the rest of Alameda county, however, are far behind their quotas, and the county as a whole has subscribed only a little more than half of its quota. Following are the figures showing the present status of the county:

HOW THEY STAND.

District.	Quota.	Amt. Subscribed to Date.
Oakland	$13,320,350	$5,421,750
Berkeley	2,351,700	2,168,950
Alameda	960,150	964,450
Emeryville ..	86,250	64,600
Hayward ...	335,950	152,900
Livermore ..	258,700	199,350
Pleasanton ..	169,850	72,700
San Leandro.	390,500	174,600

ALAMEDA, Oct. 8.—Alameda has gone over the top in her Fourth Liberty bond drive to the amount of $4000. The residents of the Encinal City are proud of its records and have thrown themselves whole-soul into the drive.

According to a statement from Director-General Elmer Johnson, the city has but $30,000 to go to be to the million mark, and he believes the pledges now out and the reports still to be made from the different districts will more than equal this amount. He is confident that the next day or so will see Alameda over the million mark.

BERKELEY DISAPPOINTED.

BERKELEY, Oct. 8.—With $180,000 still to be obtained to reach the quota, the Berkeley Fourth Liberty loan committee was this morning compelled to postpone the celebration planned for this evening.

The committee of 800 convinced themselves Saturday that the quota would be raised by tonight and all preparations were made for a celebration to hoist the honor flag.

"It is not thought possible to obtain the $180,000 today, so the celebration will have to go over until such time as some of the slackers have an awakening of conscience through the publication of their names or otherwise," said Chairman W. F. Morrish.

"Three long blasts of the Albany fire "cow" and exploding T. N. T. will announce the fact that Berkeley has gone over the top, when that much-to-be-desired event takes place," he continued, "and it may be sooner than we expect."

MARY PICKFORD, who will make speeches in Oakland tomorrow in behalf of the Liberty loan. The little film star has invested fortunes of her own in each Liberty loan. She is shown here making an appeal for others to do likewise.

LITTLE MARY CITY'S GUEST TOMORROW

Mary Pickford will be Oakland's guest tomorrow.

The dainty star of the screen, under the auspices of the local Liberty loan committee, will be seen and heard three times during the day; first, in a parade which it is said will be one of the most unusual ever staged in Oakland's streets; next, at the Hotel Oakland during the noon hour, where she will be the guest of honor of the Commercial club at its weekly luncheon, and third, at the civic auditorium in the evening, where she will address a gathering of more than 15,000 citizens.

Miss Pickford will be met in San Francisco by a committee of three representing the Liberty loan committee of this city. The special committee will escort her to Oakland, going directly to the court-house, where the parade will form just before the noon hour.

Promptly at 12 o'clock the parade will start. Heading the cavalcade will be a platoon of mounted police, then will follow Mary Pickford, who will be followed by a division of returned allied officers and a division of returned enlisted men. The final division will consist of massed bands from the shipyards of this city.

According to Sidney S. Clark of the Liberty loan committee, who has had charge of arranging all the details of the Mary Pickford day, the parade will go out Broadway to Telegraph avenue, out Telegraph avenue to Seventeenth street, thence San Pablo avenue to Fifteenth street and to the Washington street entrance of the city hall, where the parade will disband in front of the headquarters of the Liberty loan committee.

Miss Pickford will also be accompanied from San Francisco by Lowell Hardy and W. D. Patterson of the general speakers' bureau of the Twelfth Federal reserve district. Upon her arrival at the city hall she will again be joined by Hardy and Patterson and they will be escorted by a representative, of the Commercial Club to the luncheon at the Hotel Oakland, where Miss Pickford will rest during the afternoon in preparation for her appearance at the civic auditorium in the evening.

Executive Chairman J. H. King of the local Liberty loan committee will call the meeting at the auditorium to order and introduce Captain Thomas E. Y. Seddon of the British army and a former member of parliament of New Zealand. The latter will make an address of half an hour and then introduce Miss Pickford, who will take personal charge of events for the balance of the evening. Besides making a short speech Miss Pickford will direct the selling of bonds.

PARADE DETAILS ARE SETTLED

The formation, units and route of the Mary Pickford parade Wednesday noon are as follows:

Parade forms in front of Court House.

Platoon of police.
Mary Pickford.
Returned allied officers.
Returned allied enlisted men.
Massed bands from the local shipyards.

The parade will go out Broadway to Telegraph avenue to Seventeenth street, to San Pablo avenue, to Fifteenth street, to city hall, where the parade will disband.

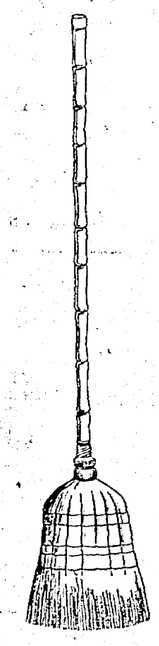
From the city hall Miss Pickford will go to the Hotel Oakland, where she will be the guest of honor of the Commercial Club at a luncheon given as a courtesy to the actress.

The schedule of Liberty loan meetings tonight follows:

8 o'clock—Melrose Heights P. T.; L. S. Church; Melrose school, Dr. C. J. Gaddis; McChesney school, F. M. Carr; Piedmont school, C. Hartman; Prescott school, W. B. Bunker; Santa Fe school, Rev. Kloss; Sequoia school, Rev. H. J. Kerr; Stonehurst Improvement Club, C. H. Johnson; Tompkins school, P. F. Bradhoff; Lazear school, L. Gonsalves; Twenty-third-avenue Carnegie library, Ben Scovell and W. H. Chamberlain.

Wake up, Oakland! The war isn't won yet. We must buy bonds for all we're worth.

"Buy a Broom"



the old song ran, and because there is still a universal need for cleaning up, the cry holds good today.

This is a most up-to-date broom, however. It is made in Japan, and has a bamboo handle that makes it about twice as light as the ordinary broom. The brush is thick and a trifle softer than those made of American-grown straw. An excellent broom.

For Fall Cleaning

you should have a Vacuum Cleaner

And of course you realize the importance of buying a cleaner which has a revolving brush. The

ELECTRIC SWEEPER-VAC WITH MOTOR DRIVEN BRUSH

beats your rugs as if they were on the line. It actually draws the dirt through the carpet, as in the illustration. See it demonstrated.

This cleaner weighs only 11½ pounds; the motor can't overheat, and the brush can be stopped and started again without removing the belt, which means that belts wear longer than on other sweepers. The Electric Sweeper Vac sells for

Red Cross Notes

DO YOU KNOW—

How to stem the death flow of blood if an artery is severed?
How to make and apply a splint if a leg is broken?
How to cleanse a wound to prevent blood poisoning?
How to resuscitate one rescued from drowning?
How to care for the men of your own family who may come home wounded?

That every woman owes it to her family to prepare as far as possible for every emergency?

First aid courses to accommodate everybody is being arranged by the local chapter, American Red Cross, in cooperation with the Oakland school department. Ask at the Broadway headquarters for simple text books on the care of the sick.

Harry East Miller, chairman of Oakland Chapter, American Red Cross, has requested every woman associated with the local work to participate in the woman's Liberty loan parade to be held on Saturday evening. National headquarters have requested the fullest cooperation of the American Red Cross in the fourth Liberty loan.

Cartons in which Christmas presents are to be forwarded to the soldiers have not yet arrived, but are expected by the chapter in time to be sent overseas for Christmas. As soon as they arrive announcement will be made.

"Humanized Mechanism"

SOLOELLE

The Tone-Coloring Solo Player Piano

"Films?" said great actors a few years ago. "Oh, no—I couldn't go into the films. Hurt my dignity."

That time has passed—for films have reached such a high stage in the art of production that the greatest artists in the world are proud of their appearance in notable celluloid plays.

Somewhat the same condition obtained when the "piano player" or "player piano" first made its appearance. Musicians regarded it as a maker of "tin-can music" or "machine music"—which, perhaps, in the earlier stages of the invention, it was. And then the inventors and the artists began to consider how to "humanize" these machines—how to give the human brain the power of expressing its musical thoughts—without the attendant difficulty of learning the mechanical details of the making of chords or the striking of notes.

Thus the Soloelle.

Last night at the Municipal Auditorium a machine, guided by a mind, played a piano with all the infinite tone-shading, all the definite personality, of the human musician who directed its felt-padded fingers by a single lever. It was a remarkably artistic concert—a joy to those who came to hear music; but it was more than that, for it was final proof that American ingenuity has mastered the task of designing a piano player in perfect accord with the operator's mood. For instance, it accompanied singers. It has been done with players" before, but was a sort of trick, requiring an expert. The Soloelle does it as a matter of fact—anyone can do it, and do it just as the singer wants it done. Delicate inflections can be made. Any points may be accentuated or diminished; all that the human musician can do the machine can do, and do better, unless the human musician be a very wonderful one. The audience last night was charmed; it was perhaps the most perfect piano program ever heard in the auditorium, for while the player carried every shade of meaning the operator directed, it could not make a technical mistake. The human equation is done away with.

It was a revelation in playing by machine—it was, moreover, a rare musical treat. Until one has heard the Soloelle one is not qualified to judge a piano-player, and until one has heard the Soloelle, and examined its remarkable versatility, one has not learned the height which American ingenuity is capable of attaining.

But over all, the Soloelle last night proved itself artist first, and machine afterward, even though the machine part is more astounding than the art. It is indeed "humanized mechanism."

COMMERCIAL SPANISH COURSE

Unusual opportunities have always been open to accountants, executives and secretaries who are trained to use Spanish commercially. Today more than ever the Spanish language is necessary for international trade.

The California School for Private Secretaries of Berkeley will offer beginning Monday, October 14, both day and evening, ELEMENTARY and ADVANCED classes in practical and conversational Spanish. The course will be conducted by Professor T. S. Romero of New York, and we predict a great success to students who specialize in this living commercial language.

JUDGE OGDEN'S DEATH DEEPLY FELT BY CITY

The wish often expressed by Judge Frank B. Ogden that he should die peacefully and suddenly was realized. On the morning of his passing, last Sunday, he arose shortly before 11 o'clock and went about the house, cheerful and happy. A few moments later he went to the bath room and was washing his face and hands. Mrs. Ogden was on the front porch arranging the pillows in his comfortable chair, and the nurse was near. The nurse heard his call and reached the bathroom in time to keep him from falling. In a moment he was gone, without a struggle and without pain.

The physician said that either a clot had formed at the heart, or that the poison from the source of his illness had reached the brain.

CHEERFUL TO END

Until his death he was unusually cheerful, and although he had slight hope of eventual recovery, he was cheerful in the contemplation of death.

Only twice since he went to St. Luke's hospital in San Francisco early last spring was the judge able to return to his chambers at the court house. On those two occasions he called the calendar in the probate department.

The members of the immediate family surviving are the widow and four children: Mrs. Francis Steele, Mrs. R. B. H. Cooley, Clarence Ogden, an attorney, and Frank Ogden, now in command of a battalion in Siberia.

The arrangements have been made for the funeral of Judge Ogden by a committee representing the judiciary, the Bar Association and the fraternal bodies of which the judge was a member, after consulting the wishes of the family in the matter.

A service for the family and the immediate friends of the deceased jurist will be held at the family home, 2336 Valdez street, near Twenty-fourth, at 2 o'clock Wednesday afternoon, conducted by Rev. Frank M. Silsley, pastor if the First Presbyterian Church, of which Judge Ogden was a member.

MASONIC SERVICE.

At 3 o'clock the Masonic service will be held at Scottish Rite Cathedral, Fifteenth and Madison streets, under the auspices of Live Oak Lodge, No. 61, F. and A. M., of which Judge Ogden was past master. Music will be furnished by the Temple quartet. Oakland Commandery, No. 11, Knights Templar, of which Judge Ogden was past commander, will act as escort in full templar regalia.

The honorary pallbearers will be Judges William H. Waste, T. W. Harris, Everett J. Brown, James G. Quinn, Joseph S. Koford, Dudley Kinsell and W. M. Conley; H. W. Brunk, grand master of I. O. O. F.; H. J. Anderson, exalted ruler of Oakland Lodge, No. 171, B. P. O. E.; George Kirk, trustee First Presbyterian Church; Thomas M. Robinson, council commander Oakland Camp, No. 94, Woodmen of the World, and Samuel Samuels, Oakland Odd Fellows, No. 118.

The active pallbearers will be members of Judge Ogden's family and the men who have been closely associated with him in departments 4 and 5 of the Superior Court. They are H. Clarence Ogden, R. H. Cooley, Samuel Staats Shepard, Probation Officer Robert Tyson, Official Reporter J. Spencer Riley, Clerk Paul Wuthe, Clerk L. A. Rudolph and Bailiff Edward Barrett.

At a meeting held today in the office of the district attorney, attended by members of the bench and bar and the Masons, a committee was appointed to confer with the family in regard to the funeral arrangements.

The committee is Presiding Judge William H. Waste, Robert Evans, secretary of the relief committee of the Masons, and William Garibaldi, secretary of Live Oak Lodge of Masons.

BAR AND BENCH TRIBUTE.

Monday morning at 10 o'clock the members of the bench will sit en banc in memorial services to their former associate. The speakers designated will be M. C. Chapman, president of the Bar Association; Lin S. Church, who was prosecuting attorney when Judge Ogden was a police judge, and Stanley Moore. Earle White, secretary of the Bar Association, will present resolutions and Presiding Judge Waste will respond for the bench.

When Judge George Samuels' court adjourned this morning it adjourned out of respect to the memory of Judge Ogden. Judge Samuels and W. J. Hennessey, prosecuting attorney, paid tributes to the memory of the dead jurist. Judge Samuels said in part:

"It was with deepest regret and sorrow that we learned of the death of Judge Ogden. He served with distinction in this court for several years and later occupied the superior bench. He was a credit to himself, a credit to the legal profession and a credit to this city and state. In his death we have lost a valued citizen, an able jurist and a man who represented the highest type of American citizenship."

Attorney Hennessey also paid a touching tribute to the memory of the departed judge.

ASK U. S. PROBE ON BABY'S DEATH

Request for a Federal investigation of the Oakland Board of Health and the Coroner's office has been made to Federal Judge Maurice T. Dooling by Mrs. Alice Rankine of this city, and her brother, Mrs. Edward Joy of 2546 Cherry street, as the result of the death of Mrs. Rankine's 22 months old son, Nathiel Rankine. According to Mrs. Rankine the child died following illness caused by eating ice cream.

The health authorities, however, hold the cause of death to have been spinal meningitis, basing their contention on examination of spinal serum. On this ground the Rankine home was ordered fumigated, and the body hurriedly buried Saturday in conformity with the state law.

Mrs. Rankine in her statement to Judge Dooling says that she was informed by Dr. Ward Beckwith that the child was suffering from spasms caused by the ice cream. It died Friday, and she was refused a burial permit, she says, by the board of health. The next day the hasty burial was ordered, and the child hurried to Holy Cross cemetery in San Francisco for interment.

James Taylor, the undertaker in the case, states that he buried the child hurriedly in accordance with orders from the health authorities, and in the meantime the Rankine home was fumigated by the health department.

NEWS OF THE SHIPYARDS

James Grieg, superintendent of hulls at the Alameda plant of the Bethlehem Shipbuilding corporation, has been appointed to a like position at the partially constructed Liberty shipyard on the estuary. The Liberty plant is being established at a cost of $25,000,000, and has $250,000,000 worth of United States government shipbuilding contracts.

Frank Haviside, in charge of the contract for standing rigging at the Foundation company's shipyard at Philadelphia, is out with a challenge to all of the rigging crews of the country to make a better record than the one recently established by his men. Twelve weeks on eleven ships is the average being maintained at present by Haviside's crew. The crew recently completely equipped a ship with standing rigging in five days.

"I will put up my bunch of boys against any riggers on earth, any time, any place, for anything, and they can beat any other bunch a thousand ways on splicing, seizing off iron or steel wire, turning back, nibbing in, stretch work, or any other process connected with rigging," is the way Haviside phrases his challenge.

Tax on Distilled Spirits Cut Down

WASHINGTON, Oct. 8.—Resuming revision of the war revenue bill today, the Senate finance committee considered the beverage section and reduced the tax of $8 a gallon on distilled spirits used for beverage purposes as provided in the House bill to $6.40 a gallon. The doubled rates on beer and wine were approved.

CAPTAIN BONTE WRITES OF FRENCH

County Surveyor Haviland has received a letter from Captain H. S. Bonte, of the 316th Engineers, in France. Captain Bonte was a member of the county surveyor's staff before going with the engineers. He writes from a French village, which he characterizes as belonging in the fourteenth century, as follows:

"Well, here I am at last, billeted in a quaint little French village that belongs back in the fourteenth century. We had an uneventful trip across the Atlantic, although the British crew aboard had all been 'subbed' at some time or another and they saw to it that we didn't forget the damned things at any stage of the game, and we wore our life preservers constantly. We were part of a large convoy and I enjoyed the trip immensely. We landed in England a little over a month ago and we had a fleeting glimpse of quite a portion of England. If we had had 20 minutes longer we would have seen London.

"We crossed the channel one night in a boat about the size of the 'Anow' and found ourselves in a little French seaport the next morning. We then boarded the now famous 24 Hommes—8 Chevaus—train and traveled a few days and nights to our present billet.

"We are in the zone of the advance and we have had very strenuous days of training since we have been here—and we are expecting to take our turn at the front in a very few days now.

"I saw Major Cheney—now Colonel Cheney, the other day and he was quite cordial; you remember him, of course; I also saw Shirley Baker, who is now a captain, in a road regiment.

"I saw Wallace Boggs frequently while he was at Camp Lewis. He later went to Camp Lee and afterwards to Camp Kearny and is now over here as lieutenant.

"Will drop you a line again—when there is something interesting to tell and I can."

LANDLORDS WILL AID U. S. BUREAU

Oakland apartment house owners and landlords, instead of seeking to oppose the work of the housing commission, have perfected plans to work in co-operation with the government, as the result of a meeting of the executive committee of the association last night, when the full details of the matter were gone into. The apartment owners decided that as patriotic citizens they can do nothing but back the government's war aims. They will seek to educate the public to conservation measures in housing.

As to families with children, this subject is to be handled in detail by the association. "There is a misunderstanding regarding our attitude," said E. J. Greenhood, treasurer of the association, today. "My explanation was entirely misunderstood when I told of the stand some apartment owners take. Many of the apartments do take and welcome families with children; my own apartment is one of them, and there are many more. Some of the newer ones might object, but my own opinion is that this will all be settled satisfactorily and to the best interests of the government. Personally, I am for the children—have some myself."

Greenhood's explanation of the view of one apartment house owner had been taken as a statement of the views of all. This, he says, is an error, as the average apartment has no objection to families with children in these times, he says.

Ship Flying Cloud Not Wrecked, Claim

The report that the American ship Flying Cloud had been wrecked on a reef near Manila yesterday was denied today by Struthers and Dixon, 236 California street, agents for the vessel. It was further denied that any cadets on the U. S. shipping board were aboard the vessel, as had been reported.

The message was from a commercial firm in Manila and referred to the loss of the Alaska Packers' Association's ship Star of Poland and the reference to the Flying Cloud was of a consignment aboard the latter vessel," it was stated.

The Flying Cloud was formerly the German ship Ottawa, a German sailing vessel, 4000 tons, which was interned in Honolulu.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Look at Tongue! If Feverish, Bilious, Constipated, Take No Chances.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Advertisement.

UNIONS ASK FOR PLACE IN DRAFT BODY

Organized labor, as represented by the Central Labor Councils of Alameda and San Francisco counties, has asked for representation on the San Francisco bay district committee which is being organized to pass upon exemption and deferred classification matters attaching to the 18 to 45 years draft. The officers of the two councils assert that shipyard employees are as vitally interested in the workings of the draft machinery as are the shipyard employers, and that, to insure rulings which will be satisfactory to organized labor, its representatives should have a voice therein.

The local Central Labor Council went on record at its meeting last night as being unanimously in favor of the plan, and will ask the Secretary of War to issue instructions to all exemption boards that wherever a union is organized among the workers in an industry, the union shall have the right to send representatives before the exemption board whenever its members are concerned, and that these representatives shall assist the members of the board in arriving at the proper classification of the man under examination.

The action of the Labor Councils of Alameda and San Francisco counties is the outcome of a meeting held in San Francisco last week, at the call of W. T. Boyce, for the purpose, it is said, of organizing a representative committee to pass upon the classification of draft registrants, and more particularly upon the classification of men who are employed in the shipbuilding industries here and in San Francisco. At the meeting in question the draft boards, United States Shipping Board, the United States Employment Bureau, the shipbuilding industry and the army and navy are said to have been represented.

Work of classification is practically all that is being done in the local draft boards at the present time, but no final classification cards can be sent out until the "master list" of numbers, by which order of call is to be fixed, arrives. It is due by mail any day.

On the arrival of the lists all class one men will be given order numbers at once and cards issued, after which the other classifications will be numbered in their proper order and final classification cards issued as soon as possible.

CHANGES IN CHARTER NOT TO BE VOTED

The entire proceedings to place half a dozen charter amendments on the ballot at the coming general election next month have been abandoned by the city council. Resolutions rescinding the action were passed by a unanimous vote, and the plan of placing the amendments on the ballot this year has been definitely thrown into the discard.

On reason was stated to have been that the commissioners felt the time was not suitable for referring to the voters an amendment increasing their own salaries. It was said this amendment might jeopardize the fate of all the others. The amendment in question provided for an increase for the mayor which would raise his salary from $4200 to $6000 a year. The commissioners and the city auditor were to have gotten an increase from $3600 to $5000 a year.

The other amendments were as follows:

To provide that the city attorney's office shall represent city employees in court actions, suits and other proceedings.

To amend the present recall provisions, so that electors must come to the city hall or other designated public places to sign petitions.

To amend the street law, bringing city procedure under the State Act of 1889.

To prohibit office holders from becoming candidates for other public offices without first resigning the positions they hold.

To provide indemnity insurance for the city commissioners.

MRS. GEO. PERKINS JR. DIES

NEW YORK, Oct. 8.—Mrs. George Perkins Jr. died suddenly yesterday of pneumonia in Princeton, N. J., at the home of her father, Major Augustine Trowbridge. Mrs. Perkins was a popular figure in the younger social circles of New York and Philadelphia. She married the financier's son June 20, 1917.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make any one who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation.—Advertisement.

LABOR NOTES

The Pacific Coast Council of Boilermakers and Shipbuilders, representing unions of that order from Vancouver, B. C., to San Diego, and which was in session here for two weeks, held its final conference Sunday night and adjourned. President McEacheren left for his home in Vancouver yesterday morning. The last of the visitors will leave Oakland today.

C. B. Sexton, state labor official, visited Oakland Saturday en route to Sacramento from the annual convention of the United States and Employment Bureaus at Cleveland, Ohio. Sexton made a six weeks' tour of the middle west prior to the convention. He reports labor and wage conditions to be better on the Pacific coast than at any point included in his itinerary.

W. A. Spooner, secretary of the Central Labor Council, started today on a two weeks' vacation. It is his purpose to devote his time to the sale of Liberty bonds, and to that end he will visit Central Labor Councils in various sections of the State. His itinerary will carry him as far south as San Diego, where he will attend for two days the convention of the State Federation of Labor.

During his absence the duties of secretary will be performed by F. S. Clark, delegate to the council from the Typographical Union.

R. G. Gilson, accountant of the State Building Trades' Council, was a visitor at the last meeting of the local Buildings Trades' Council.

FOURTH MAN ARRESTED IN SLAYING CASE

A man whose identity the police are withholding was arrested today as the fourth robber in the gang, one member of which killed Sam Misovich in the Market Street restaurant yesterday morning. The police also have an automobile found this morning and believed to be the machine in which his companions carried away N. C. Brown, the man who killed Misovich, and who in turn died of wounds from the revolver fired by Special Deputy Sheriff Nicholas Deel.

Brown died in the hospital yesterday after giving information which led to the arrest of two companions but the police detectives have so far failed to establish their connection with the crime.

Brown was taken in an automobile from somewhere near the scene of the shooting and was later left, apparently in the belief that he was dead, on the lawn in front of the Fabiola hospital.

NEW BATTLEPLANE WILL BE MARVEL

CLEVELAND, O., Oct. 8.—A new type of battleplane is now being turned out here at the new plant of the Glenn L. Martin Company, and the first of the planes, now being put through its acceptance tests, has shown exceptional maneuvering ability for its size, as well as speed in climbing and straightaway flying.

The new Martin plane is much larger than the battleplanes now in use by the allies in Europe. It has a wing speed of seventy-five feet and is powered with two 400-horsepower motors. In addition to regular equipment it has a carrying capacity of 2400 pounds and is said to be so constructed that there is no "blind" spot, or line of approach which its guns do not cover.

The machine, equipped with machine-guns, showed on first test flights that it could be handled as readily as the smaller battleplanes and answered to all requirements. Other machines of the same type are in process of manufacture and will be turned out in a steady stream from now on.

Eastern Cities to Have Saturday and Sunday Ball Games

CLEVELAND, Oct. 8.—The government has approved the plan of the National Baseball Federation to form a semi-professional league to play in major league parks on Saturdays and Sundays during the coming season, it was announced here last night by Clayton Townes, Cleveland member of the executive committee of the federation, upon his return from Washington. The league will be comprised of teams representing eight cities, including Chicago, Detroit, Cleveland, Pittsburg, Cincinnati and Akron. The remaining two will be selected from Louisville, Indianapolis, Johnstown, Pa., Canton and Dayton, O.

Each city will have at least two clubs, one remaining at home while the other is on the road.

After expenses have been deducted, the receipts will go to the national commission on training camp activities for athletic equipment for soldiers and sailors.

Few Weak Positions on Teams in the Shipbuilders' League; Classy Third Sackers

League Is Putting Up Real Class-AA Ball For the Public

By EDDIE MURPHY.

While discussing the high class of ball that is being put up by the teams in the Shipbuilders' League, Howard Gregory, the pitcher for the Hanlon team, mentioned that in all his travels over the country, playing in minor leagues, he never saw a four-team league where all the teams were as well drilled at third base as are those in the Shipbuilders' League. The big pitcher certainly knew what he was talking about, for the Coast League, rated as the best of the minor organizations, never boasted of a better set of third sackers than the one with Gregory had reference to. Oscar Vitt, of the Detroit Tigers, is covering the difficult corner for the Moores; Bobby Jones, also of the Tigers, is at the same station for the Alameda Bethlehems; Paddy Siglin is digging them up at that position for the San Francisco Bethlehems, and last, but not the least, is Carl Manda, doing the same service for the Hanlon team. You will have to go a long way before you could pick a better lot of third sackers in any minor organization. You could not wish to see a wiser ball player than Carl Manda, and for his playing, well, there has been very few boys who have shown to have it on him. The Shipbuilders' League is so well supplied with good third sackers, that it was necessary to take Charley Pick and "Tex" Westerzil, two other classy guardians of that bag, and place them in other positions on their respective teams.

SECOND BASE POSITIONS ALSO WELL PROTECTED

Switching to the other side of the baseball diamond, the second bag in the Shipbuilders' League does not lack much less protection than does third base. Charley Pick is doing the honors at that post for the San Francisco Bethlehems, and no one will accuse the former Seal and Cub of not being one of the best fielders in the business. Clyde Wares' reputation has stuck with him, ever since his first appearance on the coast as a member of the Oaks, when he and George Cutshaw startled the Coast League fans by their brilliant work in fielding. Clyde is still able to field them as of old, and although he is not a demon as a hitter, he manages to get on to the bases enough to place him up among the best run-makers in the league. He is drawing his pay check from the Moore Shipyard. Harvey Christensen, covering the middle bag for Alameda, has only spent one year in professional ball, but still he looks like a veteran at that baseball. He has been playing with the fastest semi-pro teams in the state before joining the Oaks. Right now the honors for being the most useful second sacker in the league look to belong to Billy Kenworthy, the manager of the Hanlon team. Billy should be given the edge, not because of his fielding, but because he is a good general when it comes to handling his men, and because he is about the most valuable of the second sackers at wielding the stick.

Speaking of the backstops in the Shipbuilders' League would open way for a lot of arguments as to the best catcher in the league, but when it comes to finding the hardest working one, it is very little trouble, for Patrick Kilhullen, the "harp" of the Hanlon team, walks away with the honors. If memory is right, the former Oak has not missed catching a game since the opening of the Shipbuilders' League race, and that is a lot for him to be able to boast of, considering that he puts in his six days a week of hard labor at the Hanlon yard, and then suits himself with a baseball suit on Sundays. Trying to select the best catcher in the league is a hard thing to do right now, so let's put it over until the old "Hotstove" league gets well warmed up. Pat Kilhullen is the only backstop with the Hanlon team; Moores have Hondus Miller and Virgil Spencer; the Alameda Bethlehems have Clarence Brooks, Daddy Rohrer and Pete Ritchie, and the San Francisco Bethlehems have Al Walters of the New York Yankees and Bill Llewellyn. If you wish to start an argument at the game some Sunday, try to tell some fan which catcher is the best of the lot. I'll say there is some class all around.

PLAYERS PUTTING UP CLASS AA BASEBALL

Few weaknesses are to be found on either of the four teams that make up the Shipbuilders' League, whatever players they are playing in it that have not had a full season of experience in professional league ball are few and can well hold their own with the big boys. It is nothing less than class AA ball that is being handed out. Carter Elliott, of the Alameda Bethlehems, is the less seasoned of those playing shortstop, and he showed enough last season to have him make the Sacramento club, only to be set back by having an injury befall him. He is a wonder at covering ground, but lacks the punch with the stick, which may in time be improved, as he is only a young fellow. "Tex" Westerzil was moved from third base on the Moore team and put at short, and he is upholding his part of the job. Cavaney, the San Francisco shortstop, ought to land a job in any league when the war is over. He has played in the American Association, and his work in handling the ball is pleasing to the eyes. He is also there as a slugger. Billy Holtlander's hitting, and class in running the bags, makes him about the most valuable of shortstoppers. None of the other fellows can claim much over Billy when it comes to fielding the pill and getting it to first in a hurry.

NO ARGUMENT ABOUT BEST FIRST SACKER

"Swede" Risberg seems to meet with very little opposition in gaining the honors for the best first sacker, for the Hanlon and San Francisco teams are carrying along as their first sackers a few good youngsters that give promise of some day making a name for themselves in better leagues, while Del Howard is being used as the initial bag by Moore's. Howard is still a good hitter, but he is far from being the fielder that is "Swede" Risberg. Tom Laird of the San Francisco Bethlehems is playing good ball at first, but he has a whole lot to learn before he can begin to be compared with men like Risberg and Howard. Rudy Merani and Rod Allen are the first sackers for Hanlons.

Picking the best outfield trio in the league is almost as bad a proposition as it is to pick the best catcher, so I'm willing to let that slip by until later days when it will come time to pick the all-star team of the Shipbuilders' League. Right now the argument looks to be between the Alameda Bethlehems and Hanlons, but a third club would be in on it, if Spider Baum intends to again put Maisel back in his line-up. The outfields in last Sunday's games were made up as follows: Alameda Bethlehems—Mr. Gedeon, lf.; "Hack" Miller, cf.; Ernie Johnson, rf. San Francisco Bethlehems—Marshall, lf.; Justin Fitzgerald, cf.; Harry Krause, rf. Hanlons—Maurice Schick, lf.; Billy Lane, cf.; "Pep" Prentice, rf. Moores—Bobby Smale, lf.; Hal Maggart, cf.; Carl Holling, rf.

Looking all the boys over, it is no wonder that the attendance at the games have begun to pick up, as there are some mighty sweet players in the lot, and the Shipbuilders' League is playing some interesting games.

Boxing Show Is Postponed to Thursday

Battling Vierra and Harry Pelsinger will be able to get in an extra day of training for their bout which is to be the main event of a Shipbuilders' athletic carnival which will be staged at the Oakland Auditorium. The carnival was planned to take place tomorrow night, but the promoters of it, were informed that they would not be able to hold it until Thursday night as the Auditorium was needed tomorrow night, to hold the Liberty Bond meeting at which Mary Pickford will speak.

So Vierra and Pelsinger will have an extra day in which to train for their bout, which is causing considerable talk among the boxing game followers. The match between Pelsinger and Vierra is making more of a hit than it was expected to, and a good turn out of fans is looked for. As it is, both boys are in fine shape for the coming bout, and Vierra is being played the favorite by the local fans.

A mixed match will be staged with Tillie Herman meeting George Drew, the colored boxer. Drew has been showing some class before the fans at the San Francisco shows, and Tommy Simpson, who made the match, thinks that he will wade his way to a victory over Herman. The cleanest boxing match of the night is likely to be put up by Eddie Mahoney and Eddie Landon, who will box in one of the special events. Eddie Denny and Harry Eagles will settle an old argument, Denny having the edge the last time the pair met, but Eagles went in as a substitute. Johnny Arrousay meets Jimmy Marshall, Ted O'Hara meets Baby Blue, and Young Vierra meets Young McClure in the other bouts.

Gliddon Will Stand by the Shipbuilders

Will Recognize Rohan as the Promoter for the Association

An understanding was reached between President Gordon M. Gliddon and the directors of the Shipbuilders' Athletic Association last night at the regular weekly meeting. As a result Gliddon will relinquish his ambition to handle the promotion end of the show and leave it to Jimmy Rohan.

For a time it appeared that there would be a new president, the majority of the directors standing out against Gliddon's advocacy of Tommy Simpson for promoter, as well as against his apparent desire to take the affairs of the association into his own hands.

At the present time the lease for the Auditorium, where the shows are to be staged, stands in the name of the president and while they were on the subject of arriving at a mutual understanding the suggestion was made that the lease be assigned to the club. It was agreed that they would all adjourn to the city hall today to have the trick turned in that respect and the association constituted the lease holder.

On the question of who would be the promoter the directors stood at 15 to 1 in favor of Rohan, and the statement was backed up that if the city fathers objected to Rohan working in connection with the association in the staging of athletic carnivals, fights and dances at the Auditorium the association would look around for other accommodations.

The association agrees that if Rohan is promoter a percentage of receipts will be devoted to war work.

Meeting to Form League to Be Friday

The meeting of the baseball managers which was scheduled to be held tomorrow night at Spalding's tan room for the idea of forming a midwinter league, has been put over until Friday night. Several managers who would like to be present at the meeting have found that it would be impossible for them to attend, so it has been figured that it is best to put the meeting over until Friday, especially with the big Liberty Bond meeting being held tomorrow night at the auditorium. Also it would have been impossible to have the Spalding tan room tomorrow night, as a meeting of football managers has been called to take place there.

Little trouble should be encountered in forming a good four or six club league, as another manager has announced that he is ready with a team to put in the league. The manager is Joe Dooley, who is handling the affairs of the Bethlehem Stars, the second team of the Alameda plant of the Bethlehem Shipbuilding corporation. Dooley has a fast club, most of the players being those who were with the first team of the Alameda plant when the Shipbuilders' league was first organized. Vitts' Grays, Halton-Didiers, Fruitvale, C. L. Best Tractors, Alpine Merchants and several other clubs are after a berth in the proposed league.

Meeting of Football Men Will Be Held Tomorrow Night

A meeting of the football coaches, managers, officials, and in fact every one that is at all interested in the game at all, will be held tomorrow night at Spaldings' tan room. Chester Grimmet is anxious to have an association formed of all the leading football men about the bay, and letters have been sent to all the university camps athletic directors, as well as college and high school football enthusiasts to be in attendance at the meeting tomorrow. It is not necessary to receive an invitation to attend the meeting, as everyone is welcome. In the eastern cities, associations such as the one which will be formed tomorrow night, now exists, and whenever any big football game is to be staged in the vicinity, it is always simple to select officials just by calling upon the association heads. The rules of football will also be discussed at the meeting, and whatever officials are in attendance, they will be advised just how they are to act when certain troubles pop up in a game.

Department ruling which prohibited out of town games among institutions maintaining student army training corps during October. The War Department will allow teams representing each university in the conference to make two forty-eight trops in November. With four Saturday dates and one Thanksgiving open, five games can be scheduled by each university, which will

FOOTBALL CHATTER

By HERBERT HAUSER.

The soccer football season was officially opened Sunday with three games being played under the auspices of the California Football Association. Many new faces were seen in the various lineups and many old ones were missing. Dozens of the boys who for several years past have thrilled the followers of the great English game, are now "over there" doing their bit. Some have even made the great sacrifice. For some time past the various managers of teams in the league have had their hooks out for all the talent they could secure, among the veterans, while a number of new youngsters, who have been developed in the junior league, will this season be given a chance to shine in brighter company.

The Olympic Club football team through its junior members, has some promising material that should develop as the season progresses. Edgar Pomeroy, the club commissioner, is determined that the club be represented by a good team, so he has gathered about him men and boys of all ages and sizes and from out of this mass expects to have an aggregation that will make the other teams hustle to maintain their lead in the soccer football league. About 50 per cent of the members of last year's team are either in the army or the navy. The Winged O boys played well against Alameda Sunday. Here is the way the Olympics shape up: Al Warshauer, goal; Wigyon and Taipella, backs; Segal, Beaming, Roney and Anderson, halfbacks; Marlow, Plumtree, Ankersmit, Balmain and Blackburn, forwards; Mayer and Behring, substitutes.

The Union Iron Works team of Alameda looks to be an exceedingly strong aggregation. Everybody is working at the shipyards nowadays and as a result the Alamedans have gathered together a fine bunch of players. Whether or not the team will reach the high standard attained by the champions of the last two years it is now too early to predict. Look the list of Alameda players over and see for your self if the teams do not look strong: O. Otto, goal, formerly with San Francisco Union Iron Works; A. Middleton, back, formerly of the Olympic Club; R. Ewen, back, formerly with the Burns; J. Garside, halfback, formerly with the Celtics; C. Paice, halfback, formerly with the Barbarians; G. Robertson, halfback, formerly with the Argonauts; J. Nicholson, forward, formerly with the Rangers; W. Haig, forward, formerly with the Celtics; J. Helmstolk, center forward, formerly with the Argonauts; A. Lumsden, forward, formerly with the Barbarians; J. Hersley, forward, formerly with Seattle; C. Hart, forward, formerly with Allendale; J. Foster, forward, formerly with Allendale; J. Hurry, formerly with Allendale; A. Otto, halfback, formerly with the Rangers.

Taken all in all the outlook for the soccer season is very bright owing to the strong teams that have been developed among the shipyards. While there are not so many teams playing this year the quality is more equal.

Sam Goodman, the well known secretary of the California Football Association, will leave for Philadelphia the first part of next month, where he will represent the Pacific Association at the annual meeting of the Amateur Athletic Union of the United States. Goodman has done such good work for the P.A.A. during the past year while serving as a member of the registration committee, the governors of the Pacific Association are rewarding him with the trip. Goodman has some decided views on amateur rules and should make an excellent record at the meeting, which falls on the third Monday in November.

Football at the University of California is rapidly assuming some shape, though instead of being as prominent as heretofore the players have been somewhat cast aside for the more necessary military training. The old training quarters are all being torn out and the old baths that were formerly located there are to be re-established. It is possible that the new training quarters will be located under the big concrete grandstand, but there seems to be no definite understanding at the present time as to just when this will be decided upon.

There is a possibility that California may have two strong elevens in the field and if it does neither will be strong enough to cope with the leading teams of the coast. It was originally planned to have but one team, consisting of representatives from all branches of the college service, but since the announcement was made that there is to be a naval, as well as army, unit at the college, the naval students figure that they should have representation by a team. Whether or not they will have their way remains to be seen. It would be foolish to attempt any stunt of this kind, for instead of having one strong team, the college would have two of mediocre caliber. As it stands now, with fifty men out for the team, that being the limit allowed by the military commandant, it looks as if Andy Smith will have an opportunity to turn out a strong eleven. Since the discontinuance of rugby the California boys have had an opportunity to learn the game under Smith's tutelage while a number of freshmen have come to college from southern high schools that have always played the good old American game.

FOLLOWING THE BALLS ON THE ALLEYS AND TABLES

The Oakland Bowling club returned from Stockton last night, having beaten ten of the best five-men teams in the State. The only club that turned in a better score was the crack San Jose team, which carried off first prize with a score of 2851, just 58 better than the locals.

The Oaks got off to a bad start in the first game by a run of hard luck and only turned in 868, but came back strong in the next two, but the lead was too great to overcome. The Oaks' total was 2794 58 pins behind the San Jose bunch.

Not being content with second money in the big tournament, "Sandbar" Whitney of the Oaks carried of the mounted deer head as a special prize for his efforts. The prize was securely fastened on the radiator of the Oaks' special automobile on the return trip and will be placed on exhibition in the Maryland alleys, the headquarters of the Oaks.

In the doubles Oakland carried off fourth honors, Gene Hamm, the chauffeur, and "Rawmat" Kelton being the boys to turn the trick for Oakland by bowling 1087. Members of the Oakland club also did well in the singles, with Strode being high score of the seven local men that bowled, he making 666. The scores made by the Oakland team follows:

OAKLAND BOWLING CLUB.

Hamm	171	191	182	545
Parker	165	199	200	564

Strode	566
Benkosky	568

The tournament was one of the most successful to be held on the coast, eleven teams in all taking part. Stockton had the most teams representing, with four, San Francisco, San Jose and Sacramento had two each, while the "Oaks" club was the only one that represented Oakland. The alleys where the tournament took place was packed all through the tourney. George Qualey of San Jose was the high man in all events.

Oakland is being figured as the next place for the holding of another big bowling tourney, and so far sixteen teams are figured to participate, with a chance that Los Angeles and other towns not yet figured upon will be represented. It should be the biggest event of its kind in a long while, and will be played on Maryland alleys three days in all being required. Oakland will enter three teams, while San Francisco is sure to send over at least four; Stockton and San Jose have promised two each, and Sacramento will send one. The Richmond and Berkeley Elks are also being counted upon to enter a team, as is Alameda. The tournament will open early in November.

An Eastern paper manufacturing concern has become interested in the bowling game, and a tournament between teams representing the various lodges in all sections of the country has been started. The Pacific Coast Paper Company of San Francisco happens to be one of the branches, and the team of that place is playing its games on the Maryland alleys of Oakland. Each Tuesday and Thursday night of each week teams in different sections of the country are "matched" with each other. Tonight the Pacifics are "matched" with the Los Angeles branch. The Pacifics will bowl at the Maryland alleys and the score made by them will be wired to the main office in the East. The Los Angeles team will also wire their score. Records will be kept and an announcement of the winning team will be made on a later date.

Captain Parker of the Oakland team did not return to Oakland with the rest of the team, he staying over to see the finish, and coming down on a late train. Parker collected the prize money for the boys, and it is a good thing he did, as he happened to be the last one checking out of the hotel where the boys stopped, and he was nabbed by the proprietor to pay the room rent for Charley Swain. In his haste to get away with the boys in the automobile, Swain forgot all about the hotel proprietor, or least Charley says so, and we have never heard of Charles telling a lie.

The game put up by the Richmond Elks bowling team last Thursday night on the Academy bowling alleys of San Francisco, proved too strong for the San Francisco Elks, with the result the Richmond Elks took 2 out of 3 games. The match was a fast one throughout, the Richmond boys striving to lower the colors of the League leaders.

Just how well Richmond succeeded is explained by a glance at the score, every member of No. 1251 totaled more than the coveted 500 pins, Keville, Wilson and Levy going over 550 pins.

The Richmond Elks are open to meet any team around the bay in a home and home match. The score:

RICHMOND ELKS NO. 1251.

Keville	179	205	189	573
Scofield	183	183	140	511
Wilson	180	170	207	557

Walker	147	145	185	477
Powers	169	175	161	503
Irwin	199	193	213	605
	850	832	933	2615

The Richmond duck pin team challenges any duck team around the bay for a home and home match. The team consists of Pauley, Blomquist, Mello, Hughes, Moss and Levy. Any team wishing games will call up Richmond Bowling Alleys. In the head pin tournament in ten pins, Frank Gordon is high a 190 score.

John Roggen, one time class B balkline champion, is now located at the Oakland billiard parlor. Roggen, who is the living refutation of Doc Osler's old theory, retains lots of his old skill and is still able to hold his own at three cushions or balkline billiards.

Ray Bell lost a close three cushion game to Bill Embury. Score, 25 to 21.

R. Reynolds and Frank Wyms played some three cushions. Wyms won both games, 25 to 18 and 25 to 21.

Jack Hughes and Frank Cummins had a session at pocket billiards. Frank won the odd game.

Charlie Connors defeated Bill Michael two games of three cushions, 25 to 22 and 25 to 21.

Ed Peterson and Dan Clifford won from Manuel Rose and Al Mather at pocket billiards. Mutt and Jeff showed lots of class and won pulled up.

Loki Beardsley won from K. Matios at three cushions. Score, 25 to 22.

Wilson Attitude Causes Selling War Shares Higher Early in Day

NEW YORK, Oct. 8.—Free selling of stocks after an early period of strength was attributed to uncertainty respecting President Wilson's reply to the peace offers of the central powers.

Shippings and oils led the active list to substantially higher levels at the opening, firmer tendencies ruling elsewhere. Overnight war news seemed to stimulate short covering in stocks of recent weakness. War shares as a group were higher by fractions to a point, but rails were dull and little changed.

The further activity in shippings, in which the turn-over almost doubled that of any other issue, was the noteworthy feature of the forenoon. Marines and oils proved susceptible to profit taking. Early gains among war shares and allied specialties were only moderately impaired. Rails continued dull and irregular with utilities. French government 5s rose to the year's high record of 101½.

Many of the prominent war issues strengthened in the afternoon, a few showing gains of one to two points over yesterday's final quotations. Shippings continued to lead the movement. Despite the favorable crop report, stocks reacted sharply on the active trading of the final hour. The closing was irregular.

Movement of prices at various periods today is analyzed in detail in the following:

OPENING—There was an absence of selling orders at the opening, and during the first fifteen minutes nearly all the active issues made gains ranging from one to three points. The marine issues were prominent, the preferred stock moving up 3½ to 112¾ and the common rose one to 128¾. Five 6 per cent bonds were also in demand, advancing to 100½. The steel industrials also showed pronounced strength with steel common advancing ⅞ to 107¾, and Bethlehem Steel "B" advancing one point to 73. Mexican Petroleum made a gain of 1⅞ to 120, and Texas Company 1¼ to 182. Distillers' Securities shared in the improvement, advancing ½ to 47¾, and Industrial Alcohol moved up 1⅛ to 104.

FORENOON—Further advances were made in many stocks during the forenoon, but some recessions occurred just before noon. The trading in marine preferred was on a large scale, but the buying was so broad that one selling order of 10,000 shares caused only a fractional reaction after that stock had advanced to 112½. Atlantic Gulf moved up nearly two points to 108, and American Telephone continued in demand, showing an advance of 3¾ to 109¾. Steel common moved up one to 107⅞, and the other steel industrials showed about the same amount of gain. With the high prices of the forenoon there was some slight reaction on a small supply of stocks.

AFTERNOON — The market was strong in the afternoon with the marine issues continuing to show the most pronounced buoyancy. Preferred sold up to 113¾ and the 6 per cent bonds moved up to 103¾. The steel issues were about one point higher, Steel common touching 108; Baldwin 82⅞ and Bethlehem B 73¼. Distillers moved up over one to 48, while Industrial Alcohol after advancing to 105, reacted to 103¼. Texas and Mexican Petroleum declined from 120 to 118⅝.

CLOSING—The market was heavy in the late dealings, Marine preferred selling down to 111⅝, while Mexican Petroleum, from the high of 120, reacted to 117¾, and Texas Company to 127½. The steel issues were about one point lower, Steel common closing at 107⅛, Baldwin at 81⅝, and Bethlehem Steel, 72⅝. Distillers was finally 48, American Hide and Leather preferred 83⅞, and Union Pacific 127¼. Sales, 430,000 shares; bonds, $11,229,000.

Liberty bond closing: 3½s, 100.02; first convertible 4s, 97.26; second 4s, 96.58; first convertible 4¼s, 97.34; second convertible 4¼s, 96.54; third 4¼s, 96.90.

WHEAT CROP NEAR BILLION BUSHELS

WASHINGTON, Oct. 8.—This year's wheat crop will be 918,926,000 bushels, the Department of Agriculture announced today in its preliminary estimate of production. Winter wheat production is 555,725,000 bushels and spring wheat production 363,195,000 bushels.

A corn production of 2,717,775,000 bushels was forecast from the condition of the crop October 1.

Estimates of production of other crops follow: Barley, 236,505,000 bushels; buckwheat, 19,473,000; white potatoes, 391,279,000; sweet potatoes, $5,473,000; flax, 15,606,000; rice, 41,918,000 bushels; tobacco, 1,165,362,000 pounds; pears, 10,194,000 bushels; apples, 198,339,000 bushels; sugar beets, 6,458,000 bushels; kafir corn, 7,650,000 bushels; beans, 17,802,000 bushels.

General improvement in crop prospects on October 1 over a month ago was shown by the report.

Corn improved the extent of 46,000,000 bushels and now gives prospect of a crop 441,000,000 bushels smaller than last year's. Spring wheat improved to the extent of about 20,000,000 bushels more than that produced last year. The total wheat crop, including winter wheat, comes close to the billion bushel mark set by the government last fall to meet the war needs of America and the allies.

American Eagle Is Offered as Bond Aid

"Queen of the Air," an American eagle, 14 years old and in the pride of her youth and beauty, was offered to the city today, in a "fine cage," by the owner, H. C. Belleville, an attorney, who stated in his letter to the city council that he had raised Queenie, "from a chick." He recommended that she be placed in front of the Liberty Hut at the City Hall Plaza, to aid by her cries to passersby, in the sale of Liberty Bonds.

Dock and Deck

Twenty years ago this month the steamer Kyota Maru arrived at Tacoma and was the first Japanese craft to enter that port. Since that time several Japanese steamship companies are operating there as well as to other Pacific coast ports.

Congratulation was the order of the day at the Hanlon shipyard, beginning at 8 a. m. when Captain James Nolerath, superintendent of the drydock, entered the gate. Jim, as he is better known by the mariners, is the proud father of a baby boy, which arrived last night. Both baby James and Mrs. Nolerath are doing well.

ALASKA SEAL SKINS ARE HIGH.

Alaska raw seal skins bring a high price this year. At the sale in St. Louis recently 2000 skins were sold for $103,440 for the United States government and one lot of 952 raw skins for the Russian government brought $14,750, while 146 Japanese skins sold for $8000. In past years raw seal skins were sold as low as $11 to $12 each. Six sable and 92 blue foxes for the government were sold for $57,100. The fur dealers purchased $2,150,000 worth of Liberty Bonds at the sale.

Another one of the Shipping Board's craft started on a voyage, but was compelled to return to a Pacific port on account of leaking. Captain Self found the leak when she reached a short way outside. Repairs will be made at once.

SADIE CASPER WINS SUIT TO PUT HER OUT

Sadie Casper, the lady in waiting to the Board of Supervisors, won a lawsuit today in Justice of the Peace Harry W. Pulcifer's court.

Her landlady wanted the room occupied by Mrs. Casper, and when the rent became due, notice of dispossession was handed her. She appeared in court without an attorney. Judge Pulcifer looked the complaint over and as attorney demurred on the ground that the notice was served before the defendant was in default. As judge he sustained the demurrer.

CITY NOT LIABLE UNLESS STREETS KNOWN FAULTY

According to the law as interpreted today by Judge W. M. Conley, the city superintendent of streets is not presumed to have knowledge of the condition of the streets unless some one tells him. If he happens along where there is a hole in the sidewalk, he then has much knowledge of its condition as will render the city liable.

The discovery was made during the trial of the $5000 damage suit by Louisa Gnehm against the city. She fell over a broken sidewalk at Grove and Twenty-second, sustaining bad injuries. Commissioner Soderberg and Superintendent of Streets Brown both testified that they did not know that the sidewalk was broken, and the plaintiff lost the suit.

30,000 ADDED TO CITY POPULATION

Oakland's enrollment increase in the public schools, totaled today, gives the first definite figure of actual growth of population due to shipyard work and industrial expansion.

The growth over the estimate in school registration is 4448. This means an increase of population of 30,000.

These figures, completed today by Superintendent Fred Hunter, mean that Oakland's school budget, based on actual growth in the past and estimated increase, has fallen short by $75,000 of the amount needed to accommodate the heavy and unforeseen influx of school children, Hunter says.

The increases in the day elementary schools are 2437; in the kindergartens, more than 400, in the day high schools, 264; in the evening high schools, 1320; in the evening elementary schools, attendance has fallen off 195.

Schools are as a result packing children into the rooms like sardines, according to the principals in their reports.

The situation demands 35 additional teachers at once, or that $475,000 must be saved in some manner out of improvement and other funds to cover additional salaries. This is the problem the school authorities will solve during the month.

The increases have crowded rooms in every school. For instance, in the Alendale school three rooms house more than 60 pupils each; in the Grant school, nine rooms are similarly crowded; in the Lafayette school ten rooms are overcrowded; in the Prescott, seven rooms, and other schools in like proportion.

Steamer Ashore Is Pulled Off Unhurt

SAN FRANCISCO, Oct. 8. — The steamer Newberg, Captain Mattson, which sailed from here early today, went ashore near the whistling tug Bodega, according to advices received by the marine department of the Chamber of Commerce. She was pulled off by a tug without serious damage.

TRIBUNE TO SEND YOUR SMILE TO SOLDIERS IN FRANCE

WALTER LAMP OF OAKLAND IS KILLED IN WAR

Three Oakland men are reported in today's casualty list issued by the War Department: Walter Lamp, 511 Fifty-sixth street, killed in action; Martin O'Donnell, 611 Apgar street, wounded severely; Christopher Gorman, 1816 Eighteenth street, missing in action.

Lamp is the son of Mr. and Mrs. Philip Lamp. Before his induction into Company F, 18th infantry, he was employed as an electrical worker. He was 29 years old and unmarried. He went overseas ten months ago. A brother, Philip Leroy Lamp, is fighting in France. A second brother has been discharged for disabilities, and recently returned from the army. There are three other brothers and two sisters. Lamp is reported to have been killed in action on the western front on July 21.

Martin O'Donnell is in base hospital No. 30 in France, convalescing from a wound in the stomach received from a piece of shrapnel. The staff of this hospital is made up largely of physicians and nurses from Oakland and the Eastbay cities. O'Donnell is the son of Joseph O'Donnell. He has two brothers, T. P. O'Donnell and E. J. O'Donnell. During the allied drive he has been with Company D, M. G. battalion, First brigade, First division.

Mrs. Margaret Gorman is the nearest of kin to Christopher Gorman, who is reported missing.

The names of Californians listed in today's casualties are:

Killed in action—Edward J. Stevens, San Francisco; James Clarence Kahl, Jamestown; Everett K. Wisner, Sutter City.

Died from aeroplane accident—Lieutenant Alvin C. Goodale, Pasadena.

Wounded severely—Lieutenant William Newton Bone, Los Angeles; Junius B. Fowles, Los Angeles; Dewey E. Huggard, Los Angeles; Manuel Paiva, San Francisco; Martin L. Peterson, Escalon; Frank R. Walt, Arroyo Grande; Roy L. Irwin, Hanford.

QUESTIONNAIRES FOR WOMEN TO RECRUIT NURSES

BERKELEY, Oct. 8.—In response to an appeal from national Red Cross headquarters, a house-to-house canvass for nurses will be conducted in this city in the immediate future under the direction of the Mobilized Women's Army, headed by Mrs. Lewis Hicks.

The canvass will not only be for graduate nurses but for all women who have had any nursing experience. Questionnaires have been provided which will be circulated to be filled out by all women of the city.

Berkeley's canvass for nurses will be carried on under the direction of the local Red Cross chapter, with

LIVE AGAIN IN MOVIES; VISIT YOUR HEROES

Keep writing to that boy over there!

Of course!

But here's one even better!

Send him a smile!

You can do it—you who have boys over there in the Big Fight—because The TRIBUNE is going to make it possible! YOUR boy will see you in France in a few weeks—if you just come to Lakeside Park Sunday and smile at the "movie" camera.

Mothers, wives, sweethearts and children of the men "over there" are wanted. They're wanted to turn out in full force Sunday; bring their service flags and their banners and join the big parade of relatives and friends of Oakland, Alameda and Berkeley war heroes.

And SMILE!

A BLESSING TO BOYS.

Those smiles flashed on the screen in France for our boys to see will do 'em more good than anything you can give them.

You tell them you're all right in your letters—but they might doubt that!

But when they SEE you SMILE—why! They CAN'T doubt that! It's Proof Positive!

So be at Lakeside Park Sunday—and let The TRIBUNE photograph you for the boys! War brides, whose husbands have been called away—be there to smile at your boy. And maybe there's a baby he hasn't seen yet—bring baby—and he'll see the youngster in the film! Think of it! A father first sees his baby on a movie screen—in France! Why—there's a whole poem in the idea!

BE SURE TO COME.

Next Sunday at Lakeside Park The TRIBUNE will take pictures of you. Come with a placard or something that will distinguish you to the boy who's so eager to see you. The picture will be sent overseas to show wherever Eastbay soldiers are. You can see them yourself first, for The TRIBUNE is arranging to show them in Oakland, Berkeley and Alameda before packing them up for overseas. The details of this will be announced later.

But in the meantime—

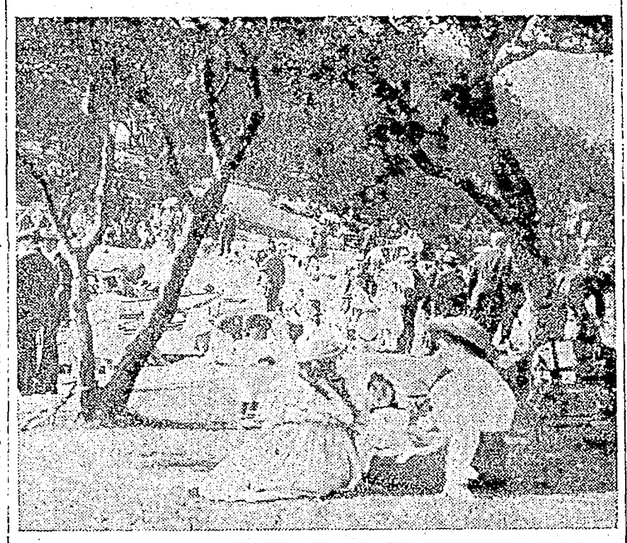
ARRANGE TO BE AT LAKESIDE PARK SUNDAY! BRING YOUR SMILE!

For it means, oh! So much to the boys over there!

Remember! Sunday afternoon!

Watch The TRIBUNE for particulars.

Here's the setting for that Smile you're going to send the boys Sunday at Lakeside Park.



Co-eds at U. C. Called Slackers Fail to Aid in War "Drives"

BERKELEY, Oct. 8.—Are this year's co-eds at the University of California slackers?

That unpatriotic name has been applied to women students on the campus in no uncertain terms by Robert G. Sproul, acting comptroller at the University of California, who scores the co-eds for failing to lend aid in the present Liberty Bond drive.

According to Sproul, who is head of the university's Liberty Loan committee, an appeal was sent forth to the women students to assist in collecting subscriptions at a mass meeting held on Sunday at the Greek theater. Not one woman responded, declares Sproul.

COULDN'T LEAVE SORORITIES

"A telephone message was received shortly before the meeting that the women were very busy with their sororities and could not leave," is the statement of Sproul voiced indignantly through the columns of the student daily on the campus.

"Is not one who puts personal above national obligations a slacker, even though that one be a woman?" asks the university comptroller, in further heaping coals of fire upon the heads of the fair co-eds.

"Rushing parties and the planning of Parthenelas seem to have eclipsed the greater issues that the men of the university are facing," is the scathing comment on the same situation offered by J. C. Raphael, member of the 1919 class and editor of the Daily Californian, in supporting Sproul's attack on the fair students.

SHOW NO INTEREST

According to Raphael, women students at the university have not responded to the call of war by showing great interest in any of the war-time emergency courses offered on the campus this year.

"It would be well for the women of the university to consider the confidence that has been placed in them," he declares. "If the women do not realize that they occupy an unusual position at this time they have not grasped the meaning of California ideals."

Co-ed forces on the campus are indignant today at the attack on their patriotism and women leaders are gathering their forces for an answer to the denunciation of the representatives of the male portion of the student body.

10,723 GIVEN JOBS BY U.S. IN SHIPYARDS

Since August 1, 10,723 men have been placed at work in Eastbay shipyards through the agency of the local branch of the United States Employment Bureau. The majority of these—8000 in all—were unskilled laborers, while 2723 of them were expert craftsmen.

Great care is being exercised by the local branch of the bureau in classifying all applicants for work in order that the shipwright may not be holding down a riveter's job and a laborer be attempting to make good as a boilermaker. To facilitate this classifying of applicants each of the unions affiliated with the Eastbay shipbuilding industry is represented at the branch by an expert craftsman. These men are Federal employees and are governed in their work of classification by Federal rules and regulations.

C. J. Gallagher, a member of Oakland Boilermakers' and Iron Shipbuilders' Union, is chief examiner of applicants, passing particularly upon the capabilities of boilermakers and alleged boilermakers, for all of those who make application for a boilermaker's job are by no means boilermakers, according to Gallagher. It is because such misrepresentations have been made that the corps of experts was organized.

All applicants for a mechanic's job are passed upon by A. Cairns, member of the local Machinists' Union. Carpenters and shipwrights are passed upon by H. D. Overtone, of the local union, while the capabilities of all moulders seeking work are vouched for by H. N. Oberg, a member of Oakland Moulders' Union. The fitness of general laborers is passed upon by B. H. Welch, former business agent of the local Shipyard Laborers' Union. There are approximately fifteen classifications of general laborers.

PLAN IRISH NIGHT

The Oakland Gaelic league will give what they call "The Big Irish Night" tonight in Sacred Heart hall, Forty-first and Grove streets. It is a comedy and a concert program that has been prepared and a big crowd is expected.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight.

Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.
